TIME TO DISCOVER

Dear Readers and Friends of inspiring river cruises on small ships,

At nicko cruises, we believe that a river cruise should be much more than just a trip on a river. We would like to invite you to rediscover the art of travel on some of Europe's and the world's most beautiful waterways. Reflecting our slow cruising philosophy, we allow plenty of time for our guests to experience what makes water travel so unique: it is all about surrendering to the flow of time, feeling the rhythm of the elements close up and making lasting memories. True to our motto: "time to discover"! Isn't it time you took time out for discovery?

It is your time for great experiences

We are looking forward to spending a fantastic river season 2023 with you. Once again, we will be delivering great experiences on small ships – cruising on beautiful rivers and coastal sections at the best times to travel. Now you can choose your perfect cruise from our portfolio of 81 different routes on 35 waterways in 21 countries on 3 continents. Historical cities? Spectacular natural landscapes? Cuisine and culture? Or all at once? The choice is yours!

Whichever cruise or cruises you choose: your comfort is guaranteed! Our river ships are all modern and elegant vessels meeting the highest of standards. They are comparable to 4 and 5-star hotels on land. Thanks to their manageable size, the limited number of guests and the personal atmosphere on board, you can look forward to a wonderfully slow pace of life and profound relaxation. Our proven on-board hygiene concept remains in place to maximise guest safety.

Now it is time to discover! Take your time looking through this catalogue to discover our cruises. And if you have any questions, our river experts will be happy to help you make a selection – or you can contact your travel agent!

We are looking forward to seeing you on board.

TRAVEL AT YOUR OWN PACE WITH SLOW CRUISING

SPACE FOR EXPERIENCES, MOMENTS FOR DISCOVERY, ROOM FOR MEMORIES: OUR RIVER CRUISES GIVE YOU THE TIME TO FOCUS ON WHAT IS REALLY IMPORTANT WHEN TRAVELLING.

If you want to discover all the wonderful places along Europe's and the world's most beautiful rivers, you should take your time. Slow cruising is the perfect opportunity to discover the magic of our planet – without fuss or stress. At nicko cruises we believe that the softer your approach, the closer you get. Travel is a perfect example of this. With many places and encounters, you need time to discover what is truly unique or authentic about them. That is why time is one of the most important ingredients of our river cruise concept. Whether you choose the Danube, the Rhine, the Rhône or the Mekong – we make sure you have time for authentic experiences. Why? Because we know that this time is particularly precious.

Our entire cruise portfolio reflects the slow cruising philosophy. We operate modern and innovative ships that accommodate a manageable number of guests on our river cruises. This allows us to give our guests the space they need for maximum comfort. A less hectic pace – and more time for on-board relaxation and onshore

excursions. Less hustle and bustle – and more authentic holiday feeling. Less mainstream – and more individuality. Of course, this also means more comfort and ambience on board.

Go with the flow and discover life

"Time to discover " is the motto for all of our cruises: time to discover the world with you – going with the flow at a leisurely pace. We have compiled a comprehensive selection of river and coastal cruise destinations for you. They are one of the most comfortable ways to enjoy a journey of discovery. See new horizons every day – but without the inconvenience of packing and unpacking suitcases because your floating hotel travels with you. All guests on nicko cruises river ships are accommodated in comfortable outside cabins providing relaxing views of the passing river landscapes.

UNESCO WORLD HERITAGE

Many of our destinations have been singled out by UNESCO as world heritage: Experience their fascination first hand.

DOURO QUEEN, sun deck

Highest standards along all routes

We are absolutely committed to your comfort and safety and we promise to maintain the highest of standards in all of the countries where we operate cruises. Our trained ship crews have extensive experience. They support you along the most beautiful routes and ensure that you always arrive safely at the next port. Whether you cruise with us in Europe, Africa or Asia, you can rest assured of having all the comforts you need. And whatever your destination: you can depend on the quality of your floating hotel!

Wonderful views and a pleasant atmosphere

We believe that the best holidays offer a combination of good company and personal space. The generously-dimensioned public areas on our ships provide you with both. The sun decks are the perfect place to lounge and enjoy beautiful views of the water and the surrounding area. Our restaurants treat you to culinary delicacies and spectacular panoramas. Many of the ships have retreat areas for guests, such as the small yet exclusive spas, reading areas and libraries.

TRAVEL IN COMFORT

Explore the world – in the most comfortable and relaxing way

Travelling on a nicko cruises river ship is a wonderful experience in itself. But to make sure you have the most amazing experience possible, we also guarantee first-rate comfort, a personal atmosphere and spectacular views of the passing riverside scenery. The standards on all of our ships are equivalent to those of land-based 4 to 5-star hotels. The ships are relatively small and everything is within a convenient distance. All guests are accommodated in outside cabins, most with large panorama windows that can be opened or a French balcony.

► The meals we serve are prepared with meticulous care and skill, and our crew is happy to indulge you all day long: morning, noon, evening.

UNFORGETTABLE EXPERIENCES – RIVER NEWS

Everything flows. That obviously applies to the waters we sail on, but also to our ships and our routes. To guarantee your dream cruise we work relentlessly to continue improving guest comfort, make the itineraries more interesting and provide more "time to discover".

DOURO QUEEN with a splendid new look

On the DOURO QUEEN you can enjoy the beautiful scenery of the Douro Valley in Portugal from the ship, savour some of the region's delicious world-famous wines on board, or relax and unwind. To make your experience even more memorable the ship has undergone a complete overhaul in recent months. Guests can now look forward to a modern river cruiser with beautiful design elements and a sophisticated atmosphere. Take a refreshing dip in the pool on deck, rest in your stylishly appointed cabin or enjoy typical regional or international cuisine in the comfortable restaurant. You will find that everything is just as perfect as you had hoped for.

Cruising the Danube on board nickoSPIRIT

One of the most recent additions to our fleet is expanding its horizons this year. In 2023, nickoSPIRIT will not just be cruising the Rhine, Main and Moselle, but also the Danube. Nothing else has changed. Guests can still spontaneously choose which of the three restaurants they dine in under the full-board arrangement, enjoy the light-flooded interior areas that offer plenty of scope for individuality and relax in the modern cabins with lowerable panoramic fronts. And you can still count on a relaxing experience in the spa and gym.

PRESERVING MOMENTS FOR ALL TIME

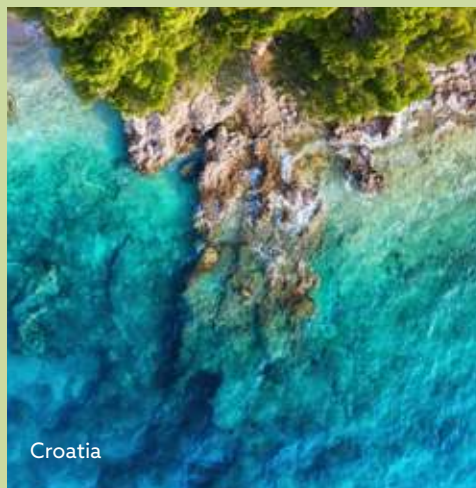

A stream burbles, a river rumbles, the sea roars: water has many different sounds, depending on where it is flowing. This is one of the many insights to be gained from a river cruise. Of all the ways to travel, this one brings you closest of all to the liquid element – unless you are swimming in it. It automatically changes your perspective. And because we always associate water with eternity and timelessness – after all, it simply changes its aggregate state, from stream to cloud and then to raindrops – a river cruise offers passengers many moments they will remember for eternity.

“TRAVELLING ON WATER HAS A VERY DIFFERENT QUALITY TO TRAVELLING ON LAND. YOU START TO SLOW DOWN THE MOMENT YOU STEP ON BOARD, AND IT IS IMPOSSIBLE NOT TO GO WITH THE FLOW.”

Experiences and impressions that are deeply imprinted into our memory because they are so unique and unrepeatable. For example, you can see the sunrise above the Douro Valley hills in Portugal, or sunset at an historic Baltic Sea resort, or take a dip in the Caribbean-like waters off the coast of Croatia. These are experiences that you will never forget. And they are the experiences you encounter day after day on a nicko cruises trip.

Rügen

"On the river everything
is in a state of flow.
It is always been that
way. Maybe that is what
eternity feels like."

nickoSPIRIT, 2 Bed Cabin Middle and Upper Deck with lowerable Panoramic Front

The perfect cabin for everyone

You choose the cabin that best suits your needs and preferences. If adventure and activities are what you seek, the main deck cabins on all of our ships offer the best value for money. In terms of furnishings, size and comfort these cabins are generally identical to the ones on the upper decks, except that windows are often smaller and do not open.

If, on the other hand, you are looking for peace, quiet and solitude, as well as a great view, our middle and upper deck cabins are perfect for you. They have large panorama windows that open or French balconies, and some even have private balconies.

Enjoyment at your own pace

All ship restaurants offer the best views – as they should, because you will spend many enjoyable hours there during your journey. Two particularly innovative ships in our fleet are nickoSPIRIT and nickoVISION. They both have unique on-board concepts. Guests can eat at any of the three restaurants without a surcharge. There is also free seating at every meal, and no fixed times for dining, so when and where you eat is entirely your decision.

Special flair for special moments

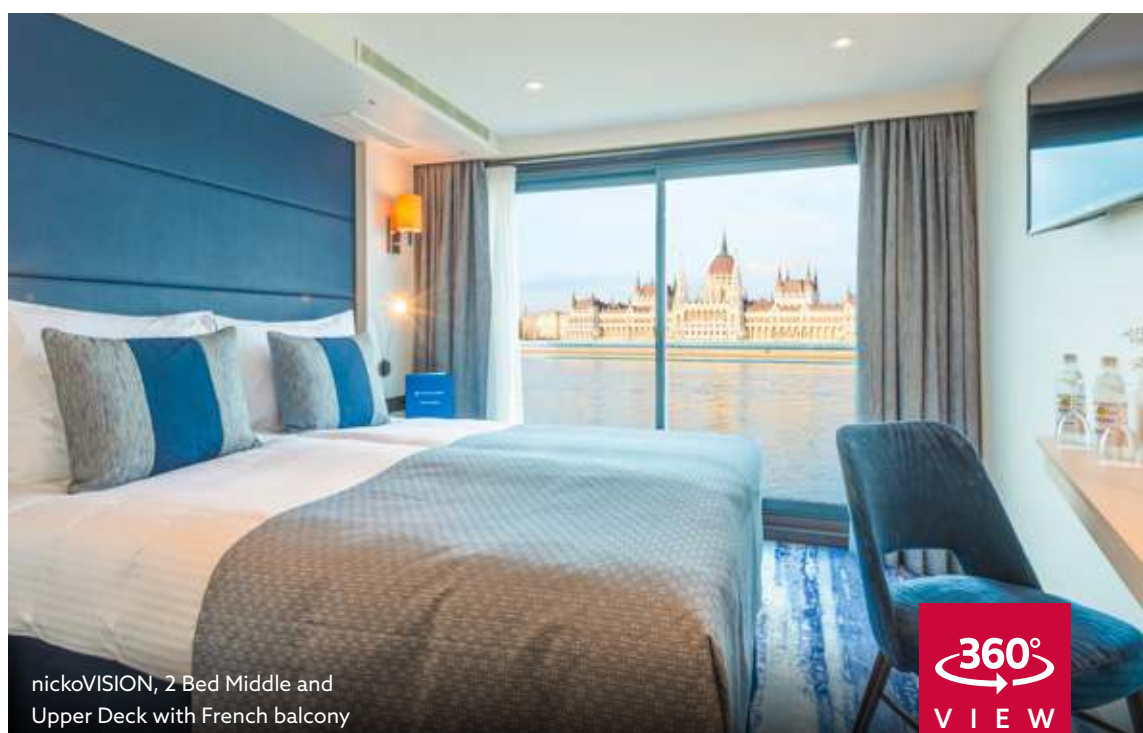

Our chefs' creations are served to guests in our light, modern and welcoming restaurants. Guests who come here for the excellent cuisine are always tempted to stay on after dining because the light-flooded panorama salons with their comfortable settees and armchairs are the perfect place to relax.

DANUBE

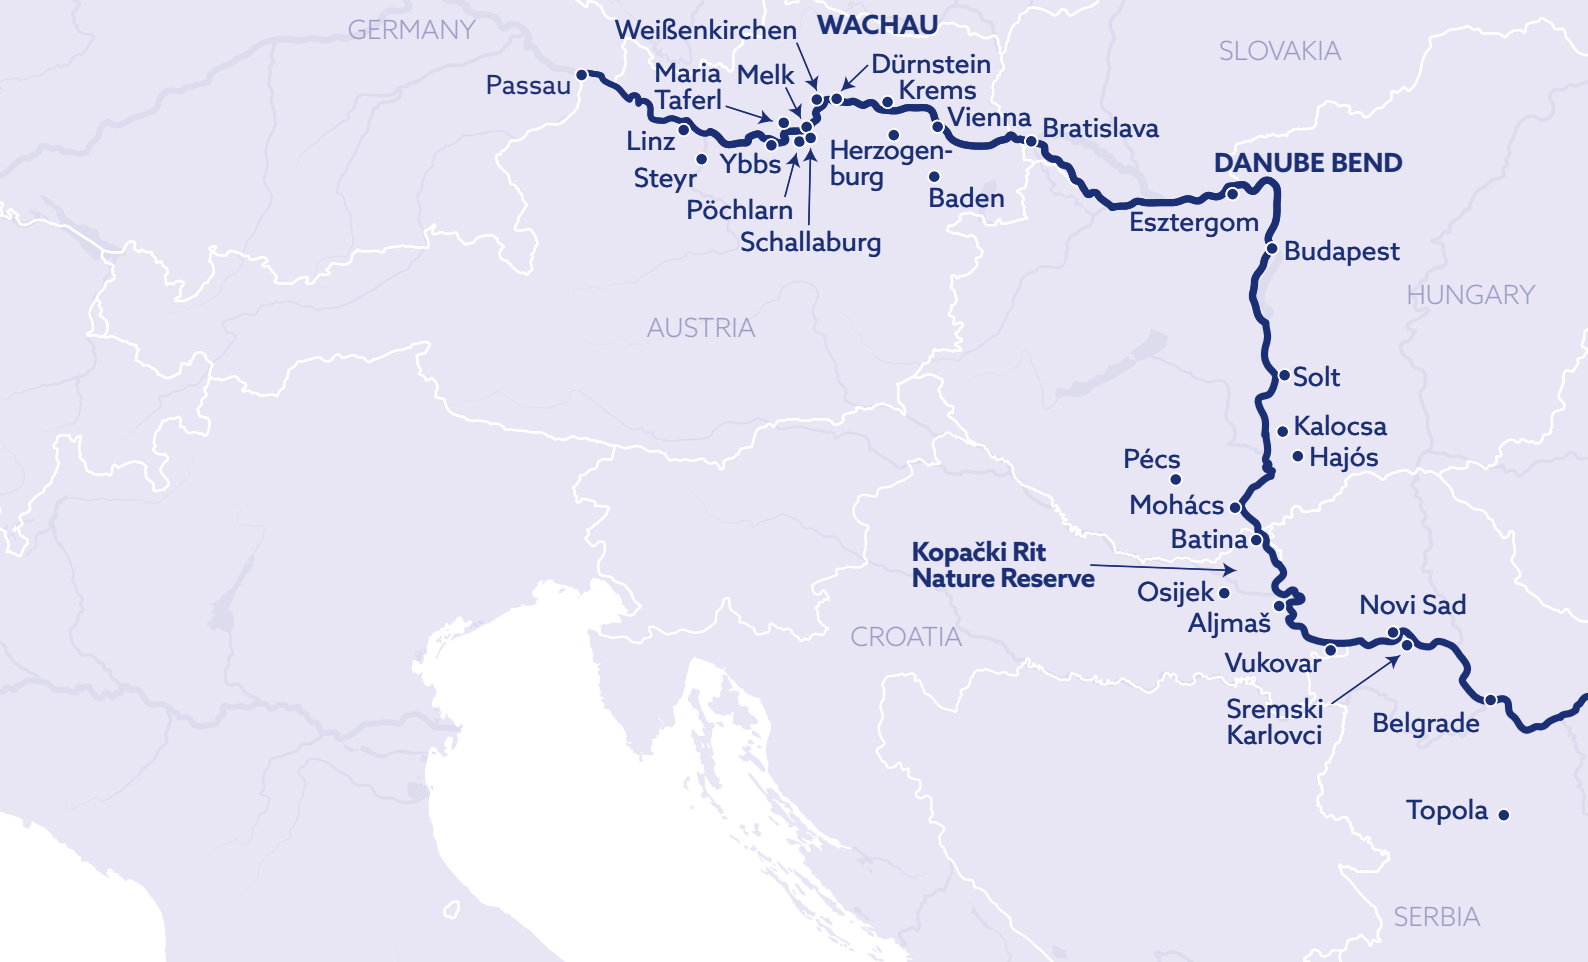

THE DANUBE HAS A CENTURIES-OLD, ALMOST MAGICAL POWER OF ATTRACTION. IT IS THEREFORE NOT SURPRISING THAT THE OLDEST TRACES OF SETTLEMENTS ON ITS BANKS ARE MORE THAN 30,000 YEARS OLD! TODAY, THE “QUEEN OF RIVERS”, EUROPE’S SECOND-LARGEST RIVER, UNITES VARIOUS PEOPLES, RELIGIONS AND CULTURES. WE MEET MANY OF THEM ON OUR FASCINATING RIVER CRUISE, AND WE ALSO EXPLORE BOTH THEIR PAST AND PRESENT IN DEPTH.

**Discover the diversity of the Danube,
from the Black Forest to the Black Sea.**

The source of the Danube is surrounded by stories and myths. In fact, nobody knows exactly where the source of Europe’s second-largest river is. For the sake of simplicity, let’s say it is in Donaueschingen, seat of the House of Fürstenberg in the Black Forest. From there, the Danube flows 2,888 kilometres through ten European countries until it reaches the Black Sea. It shapes the urban landscape of more European cities and links more countries together than any

other river. Discover the Danube cities of Vienna, Bratislava, Budapest, Belgrade and Bucharest, and soak up their interesting history, with nicko cruises. Sail through an array of different riverscapes, from the gentle scenery of Wachau Valley in Lower Austria to the fiery Southern Hungarian Puszta and the spectacular “Iron Gate” gorge to the pristine nature of the Danube Delta in Romania. Accompany the Danube on part of its long journey to the Black Sea on board a comfortable river ship. Enjoy the inspiring experience of slow cruising with all your senses!

Emperors, churches and coffee houses: straight across Austria

The musical composition that best describes the course of the Danube through Austria is The Blue Danube Waltz by Johann Strauss. It commences with shimmering violins, followed by the famous upraising section in D major before ending in a subdued mood. A wonderful section of the Danube 200 kilometres behind the Bavaria-Austria border from **Melk** to **Krems** starts in a similar way: the beautiful UNESCO World Heritage site of **Wachau Valley**. Here you can visit the **Melk Benedictine Monastery** which became world-famous when it was featured in Umberto Eco's novel "The Name of the Rose". The wonderful journey through Austria on the Danube comes to a subdued end in the former imperial capital of **Vienna**. Enjoy a close-up experience of the city on the Danube, admire the imperial buildings, the Baroque gardens of **Schönbrunn Palace**, the modern museums, the many coffee houses and sample the "Heurigen", the latest vintage of wines.

The Danube, artery of life: impressive Budapest and enchanting Bratislava

The Danube is not just a central landmark in Vienna, but also in the Slovakian capital city of **Bratislava** and **Budapest** in Hungary. Explore the interesting corners of Bratislava and the splendidly renovated historical city. Did you know that this is the only capital city in the world to border two foreign countries? You will have plenty of time for your own discovery tours at a stopover in **Esztergom**, location of Hungary's largest church, and in **Budapest**, one of Europe's most beautiful cities. Also referred to as the "Queen of the Danube", this breathtaking city sprawls across both banks of the river. To the west is the hilly

district of Buda, and to the east is the flat district of Pest where the parliament building is located. We particularly recommend a breathtaking tour of Budapest at night to see the magnificent building facades reflected in the water.

Have you ever been to the **Southern Hungarian Puszta**? The small and nimble nicko cruises river ships can continue along stretches of the river that the bigger ships are unable to navigate. On a journey past the endless riverscapes you will see a different, free and wild side of the Danube. We also make a stop at one of Hungary's oldest cities and the country's cultural capital **Pécs** (Five Churches).

On the trail of the Habsburgs in Croatia and Serbia

The influence of the Habsburgs, one of Europe's most influential royal houses, is impossible to miss in the Croatian town of **Osijek**. Its romantic castles, pastel-coloured town houses and impressive castle quarter bear witness to a golden age long ago. Nature fans will enjoy an excursion to one of Europe's most well-preserved marshlands in the **Kopački Rit Nature Reserve**.

On this section of the long journey along the Danube to the Black Sea you will encounter lots of pretty port towns, such as the university town of **Novi Sad**, on the Serbian riverbank. Wander through the colourfully restored town and enjoy the view of the river from the impressive Petrovaradin Fortress. Then it is on to **Belgrade**, once a fiercely contested and coveted "hub" between central and southern Europe. The giant fort towering above the town is an indication of the Serbian capital's historical significance. Embrace the eventful history of this Danube metropolis and let it propel you through the "White City".

Wild and wonderful: through the Iron Gate to the Black Sea

The Danube Cataracts feature pointed crags, steep cliffs and the Danube, the river that has been flowing through them for thousands of years. We cruise along the more than 100 kilometres-long Danube Cataracts through the most famous gorge in Europe and the even more famous **Iron Gate**. For many years this section of the river in Romania was deemed dangerous for ships because of its wild currents, but thanks to a dam built in the 1970s it is now safe to pass. Here, in Romania, the Danube is the border river to Serbia and Bulgaria, and this is the longest section of its journey to the sea. Why is Romania's capital **Bucharest** called the "Paris of the East"? You will find the answer when you see the wide alleys and feel the French flair. French influences are still evident today in all kinds of places, even though the country's former dictator Nicolae Ceauşescu destroyed many of them. The combination of Neo Baroque architecture and the monumental gingerbread style make Bucharest a very exciting city.

Pristine natural landscapes in the Danube Delta

Discover unfamiliar treasures in Bulgaria and Romania

At a stop in the port town of **Ruse** we step onto Bulgarian soil. Explore northern Bulgaria's cultural capital and visit the impressive Bulgarian Orthodox Trinity Church. Walk in the footsteps of the czars in an excursion to **Veliko Tarnovo**, Bulgaria's former capital city. A tour of the Romanian town of **Constanța** is also possible. Experience unforgettable moments as you walk along the beach promenade in one of the most beautiful towns on the Black Sea coast. Or how about an trip to historical **Vidin** in the far north-west of the country? It will give you the opportunity to experience the mystical **Belogradchik Rocks** close up!

The Danube Delta is a natural paradise untouched by human hand

The further east you travel, the slower the Danube flows and the wider the delta becomes. Nature is in perfect balance on the wide expanses of the **Danube Delta**. Around 5,000 different plant and animal species live at this UNESCO World Heritage. The 5,000 m² ecosystem has four main arms called Chilia, Tulcea, Sulina and St. George, as well as countless side channels, islands, woods and dry biotopes. You will be inspired by the pristine natural landscapes marking the end of the Danube's 2,888 kilometres-long journey to the Black Sea.

BELVEDERE 

AT HOME ON THE DANUBE

8 days | Passau · Southern Hungary · Budapest · Passau

The Danube is a superlative river with superlative sights along its banks! Cruise with us on board modern and comfortable BELVEDERE to discover the metropolitan city of Vienna, its "twin city" Bratislava and the two faces of Budapest, which is named "Queen of the Danube" for good reason. This route is special because you also cruise through the virgin landscapes of the Puszta region in Southern Hungary to Mohács rather than turning back in Budapest, which is what many one-week Danube cruises do. From Mohács you can also visit Mediterranean Pécs ("Five Churches") which was deservedly awarded the title of "capital of culture".

Why this cruise?

- It offers a very intensive experience of Hungary, right down to the south
- Opportunity to take an e-bike tour of Budapest
- Horsemanship and tradition in the Hungarian Puszta region
- Schallaburg Castle with its wonderful architecture and eventful history
- Modern river cruise ship with spa

Starting in the world-famous, romantic UNESCO World Cultural Heritage region of the **Middle Rhine Valley**, from **Bingen** and **Rüdesheim** to **Koblenz**, where the Moselle and Rhine "kiss", then on to the Gutenberg city of **Mainz**, cathedral city **Speyer** and the vibrant city of **Strasbourg** in the Alsace region at the heart of Europe. Lean back in your deck chair and simply enjoy the experience of sailing past steep vineyards, magnificent castles, the legendary Lorelei Rock and history-steeped cities on the left and right banks of the Rhine.

Experience **Rhein in Flames**® with nicko cruises. Our experts have designed the routes to ensure that you are always in the right place at the right time. You are guaranteed an excellent view of the fascinating fireworks display from the nicko cruises ship sun deck, on board an excursion ship or from a great shoreside vantage point.

Between medieval and modern. A journey in time on the Main.

Have you always wanted to travel back in time? Then take a river cruise on the Main, the biggest tributary on the right hand side of the Rhine, and journey through the epochs of the cities where the Franconian royals resided. Stroll through the medieval and Baroque city of **Bamberg**, which also has World Cultural Heritage status, with its crooked half-timbered houses and magnificent Baroque buildings. Take in pretty **Rothenburg ob der Tauber** with its old city walls and delicious snowballs. Wander around the old cathedral town of **Würzburg** with its Franconian charm, the romantic St. Kilian's Cathedral and the vintage Marienberg Fortress. When you see the Main reflected in the glass facades of skyscrapers, you know you have arrived back in the modern world, in the German finance centre of **Frankfurt**. The skyline is particularly spectacular when the city lights up at night. But, do not worry, Goethe's birthplace also has a historic city centre with cider pubs that serve traditional "Ebbelwei" in original pitchers with "Handkäs und Musik" a cheese and onion speciality.

Hartelijk welkom in Tulip Country.

After winding through the valleys and gorges of Germany, when the Rhine reaches the Netherlands it almost seems as if the land makes way for the long final leg of its journey to the sea. Enjoy a leisurely cruise thorough the expansive Rhine Delta with fantastic views of the tulip fields and canals. Discover the bustling cities in the Netherlands and Belgium in the most relaxing way possible.

Amsterdam · Netherlands · Rhine

Cruise along the countless waterways and canals in the midst of the action in colourful and cheerful **Amsterdam**, which is also known as the "Venice of the North". In **Rotterdam** you can explore Europe's largest sea port and visit some of the city's spectacular architecture such as the "Witte Hus" or the cube houses. On an excursion to **Keukenhof** you can walk through one of the biggest flower gardens in the world to admire the countless tulips, daffodils, hyacinths and kaiser's crowns in every possible colour. Can you already smell the salty North Sea air? In the port town of **Enkhuizen**, in the **province of North Holland** on IJsselmeer, you will visit the Zuiderzee Museum. It contains more than 130 authentic houses, shops and workshops that bring the history of the people who once lived on the banks of the Zuiderzee to life.

To the north the Flemings, to the south and west the Walloons – the Kingdom of Belgium is a melting pot of cultural influences. **Brussels**, the capital city, is also Europe's political centre. The medieval marketplace, "Grand Place" is said to be one of the most beautiful plazas in the world. It is framed by 40 gold-decorated guildhalls. Although our Rhine ships treat you to a wide range of culinary delights, you simply must order a big portion of Belgian fries in this EU city!

Atomium · Brussels · Belgium · Rhine

Grote Markt · Antwerp · Belgium · Rhine

The port city of **Antwerp** is a more elegant and chic place. It was also the home of Baroque painter Peter Paul Rubens. The wealthy Hanseatic and port towns of **Bruges**, **Kampen** and **Deventer**, with their historical town centres, are other highlights of a cruise through the Netherlands and Belgium.

Wine producers, wine and walking – the true treasures of the Moselle

Do you enjoy good German wines? Then you should experience a river cruise on the Moselle at least once in your life. The source of the Moselle, the Rhine's most famous tributary, is the Vosges mountains in eastern France. From there, it flows through Luxembourg to Germany. The ancient Romans once cultivated the finest vines in the Moselle valleys. Take a panorama tour from **Bernkastel** to Brauneberg to explore

the 2,000 year-old wine-growing landscapes and sample some of the region's top wines. Back in the day Johann Wolfgang von Goethe and Kurt Tucholsky were big Moselle wine fans. Travel in comfort to some of the most impressive examples of Roman architecture in Germany's oldest city of **Trier**, such as the Porta Nigra and the amphitheatre.

Heidelberg · Neckar

Viniculture · Moselle

The Saar Loop · Saar

Ludwigsburg Residential Palace · Neckar

Where the Saar makes a spectacular loop

The source of the Saar is at the heart of Vosges. At 235 kilometres in length, it is the Moselle's longest tributary. It flows northwards through France to Germany and into the wonderful Saarland region with its capital city **Saarbrücken**. But the most famous part of the Saar is the **Saar Loop**. The view of the loop from the "Cloef" vantage point is an unforgettable experience. And even from the water, this miracle of nature is a breathtaking highlight of any Saar river cruise.

Badens and Swabians are connected by more than the Neckar

The Badens and Swabians in Baden-Württemberg have a long history of rivalry. Even today, there is minor but very emotional local feuding between them. The **Neckar** is a Rhine tributary that links Baden and Swabia, and you will learn about the special features of both regions on this interesting cruise. In Electoral Palatinate it is worth taking a walk around **Mannheim** the "city of squares" and an excursion to the traditional university city of **Heidelberg** with its world-famous castle and narrow alleyways. For a "Swabian Versailles" experience visit Baroque-style **Ludwigsburg Residential Palace**, which is obviously on Swabian terrain. What else unites the Badens and the Swabians other than the Neckar? That's easy: they both love spätzle, a traditional type of pasta.

The Rhine has many faces. On the banks of Markermeer you will find the vibrant city of Amsterdam, which you will experience on our northbound cruise. The Lower Rhine region is characterised by flatlands and fields. The "romantic Rhine" on our southbound route is entirely different. The place where the river winds its way through the Rhenish Slate Mountains is the incomparably beautiful UNESCO World Heritage region of the Middle Rhine Valley. It is world famous for the many castles atop the hills on both banks, and for the Lorelei Rock. Countless songs, including the Song of the Nibelungs about Siegfried the dragon slayer, have been written about this section of the river.

THE WATERWAYS IN GERMANY AND ITS NEIGHBOURING COUNTRIES ARE AN EXCELLENT CHOICE FOR A CRUISE. ESCAPE MOTORWAY STRESS AND TRAFFIC JAMS ON THE ELBE AND THE HAVEL, THE ODER AND ITS CANALS AND THE BALTIC SEA. THE ONLY THINGS THAT MATTER HERE ARE YOU AND YOUR PRECIOUS TIME FOR DISCOVERIES. GO WITH THE FLOW ON AN UNFORGETTABLE JOURNEY THROUGH SPACE AND TIME.

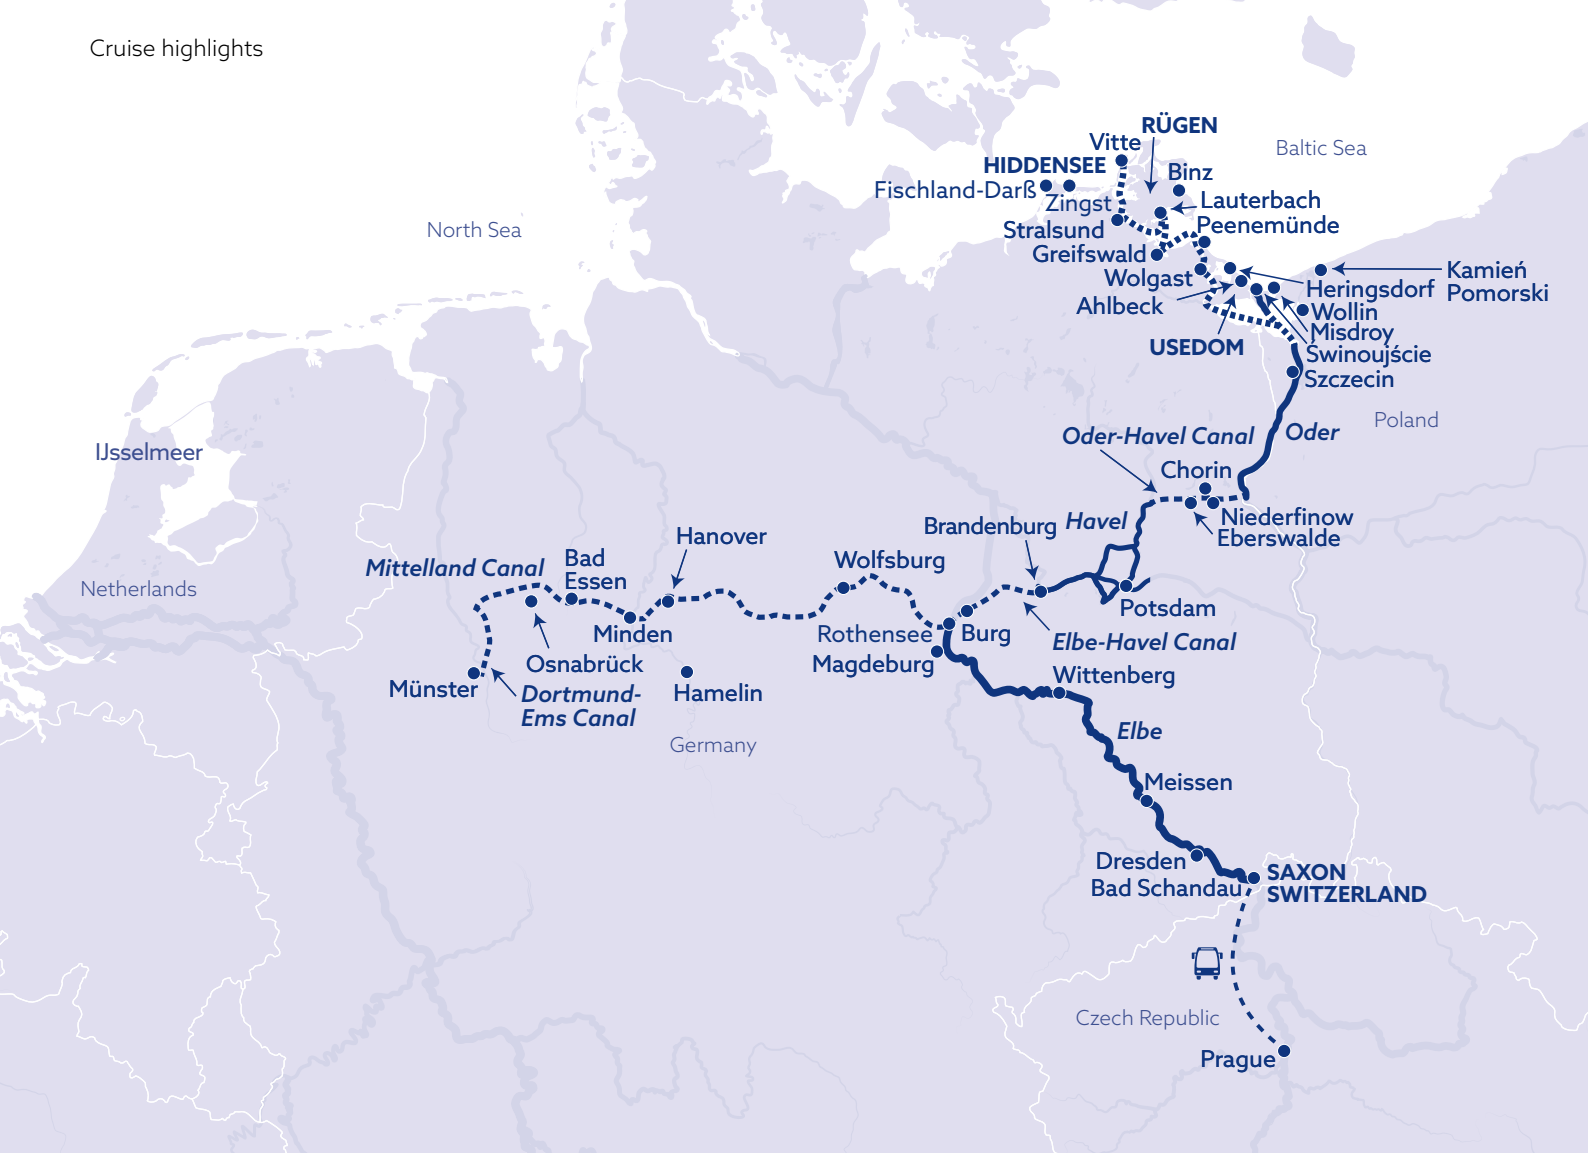

ELBE, HAVEL, ODER & & BALTIC

There is absolutely no doubt that the Baroque city of Dresden is one of the major highlights on the banks of the Elbe. Yet there are many other attractions along the river, including the bizarre rock formations of the Elbe Sandstone Mountains, history-steeped cities such as Wittenberg and architectural gems such as Magdeburg Cathedral. The Elbe is not far away from the 'golden city' of Prague whose sandstone towers shimmer in the sunlight like gold. An on the subject of sun: the Oder and Baltic Sea are famous for their summer resorts. The islands of Usedom, Rügen and Hiddensee captivate visitors with their magnificent spa architecture, the famous chalk cliffs and their stark yet beautiful landscapes. On the waterways and canals between Münster and Potsdam you can admire the Minden waterway crossing as well as the historical 'Peace of Westphalia' sites in Münster and Osnabrück.

CANALS SEA

time to discover

ELBE, HAVEL, ODER & CANALS & BALTIC SEA

The rich diversity of northern and eastern Germany

Although the Elbe runs through **Meissen**, the city is not named after it. It is actually named after a little stream called the Misni. In 929 King Heinrich I. commissioned the construction of a cliff-top fortress. It later became the landmark that still features prominently in the cityscape today, Albrechtsburg Castle. Yet Meissen is not just famous for its castle, but also and primarily for its porcelain. Take a peek behind the scenes at the famous porcelain factory and marvel at the unique exhibition pieces before wandering through the medieval alleyways with their picturesque Renaissance buildings!

In **Dresden**, also called 'The Florence of the Elbe' because of its many gorgeous architectonic monuments, an informative guided tour and an exciting walk await you! Stand outside the reconstructed Frauenkirche (Church of our Lady) and take in its beauty. Enjoy the unique flair of the Semperoper opera house. Check out the many other lovingly restored historical buildings in Saxony's capital city. We bet that Dresden's unforgettable city scenery will be forever imprinted on your hearts.

Elbe Sandstone Mountains · Elbe Valley

Did you know that, like Meissen, Dresden's name is directly connected to the water flowing through it? It is derived from the old Sorbian name for 'swamp' or 'marsh dwellers'! However, the city on the Elbe is around 200 years younger than the porcelain stronghold. Many of the breathtakingly beautiful buildings that Dresden is so famous for date back to the 18th century when the city was a bustling hub of European politics, culture and business.

That is also the reason why the city was so attractive to the intellectual community in those days. Ludwig Tieck, one of the most famous German romantic poets, as well as composer Carl Maria von Weber and doctor and philosopher Carl Gustav Carus all lived in Dresden.

The **Elbe Sandstone Mountains** are equally spectacular, but for completely different reasons. You will be captivated by their wildly romantic landscapes with deep ravines, bizarre rock formations and impressive mesas, as well as the picturesque Elbe Valley!

Enjoy a close-up experience of the bastion, one of the most famous attractions in Saxon Switzerland. The panorama from the 'Bastei' viewing platform is breathtaking – especially at twilight. Unsurprisingly, this is one of the most spectacular natural viewing platforms in Europe!

Prague, one of the oldest cities in central Europe, is another place that undergoes a magical transformation at sunset. The city's magnificent examples of Romanesque, Gothic and Baroque architecture seem to magically soak up the setting sun's rays, turning Prague into a 'golden city'. Visit the Burgberg and the Presidential Palace to experience this city's beauty for yourself. You will see how the Malá Strana district and the Jewish quarter, the Charles Bridge and the coronation route, as well as the historical city hall and the Parizka boulevard with its Art Nouveau buildings all contribute to Prague's fascination for visitors.

Charles Bridge · Prague

The city of **Potsdam** is a jewel in the northern German crown. Its history-steeped settings and historical neighbourhoods all boast lovingly restored buildings. The highlight is a visit to Frederick the Great's impressive summer residence. He named the Rococo-style palace 'Sanssouci' because whenever he stayed there, his worries melted away and he was free to dedicate himself to art, music and his dogs. By the way, it was not just a worry-free place, it was also a women-free place: not even the queen was permitted to enter the palace, which is why there were no living quarters for her there.

Parliament · Potsdam

The Hanseatic city of **Szczecin** is another historical place. In a combined city tour and walkabout, you can explore Poland's seventh-largest city in depth. You will visit the restored Gothic City Hall, the Cathedral Basilica of St James the Apostle and the lovingly reconstructed castle. From 1278 onwards the city belonged to the Hanseatic League that dominated commercial activity in northern Europe for 400 years. The remains of the city fortifications, the magnificent Baroque Berlin Gate and the Kings Gate bear witness to the city's former Hanseatic League affiliation. West Pomerania's capital city also still has one of the largest Baltic Sea ports.

The enchanting and fascinating Baltic Sea

The Baltic Sea island of **Usedom** is only around 60 kilometres as the crow flies from Szczecin. Even back in the 19th century it was a popular summer holiday destination for wealthy citizens and aristocrats. Ahlbeck, Koserow, Zinnowitz, Heringsdorf and Bansin are chic seaside resorts that still exude a hint of luxury in the 21st century. During a walk you will discover why Gorky, Tolstoy and the Mann brothers all felt at home here. Other highlights are Ahlbeck pier with its turreted building – and the longest pier on the Baltic Sea coast in Heringsdorf.

The Baltic Sea island of **Rügen** is truly picturesque. Caspar David Friedrich, one of the most famous German early Romanticism artists, immortalised the island's magnificent chalk cliffs on canvas in 1818, and his painting is currently on display in the Winterthur Art Museum in Switzerland. But you would be wrong to think that the chalk cliffs are the only thing this island has to offer. Take the opportunity to visit its wonderful Baltic Sea spas! In Binz you will find original 19th century spa architecture – including little wooden villas with verandas, towers and oriels.

The Hanseatic town of **Stralsund** with its abundance of red brick buildings, is also worth a visit. The restored historical buildings are enclosed by a medieval wall and moat. The town hall, one of the most beautiful secular buildings in the northern German brick Gothic style, the magnificent parish churches, the monastery and the gorgeous town houses give the city its unique flair. UNESCO also decided that it was worth protecting and the historical district was included in the World Heritage list in 2002.

Chalk cliffs · Rügen

Small lighthouse · Hiddensee

New City Hall · Hanover

Gabled houses · Osnabrück

Breathtaking places between lakes and canals

Cultural heritage – even though it is ‘only’ European – can be found in **Osnabrück**: at the City Hall. This is the place where an envoy announced the end of the Thirty Years War in 1648 and the reason why the city in Lower Saxony is also called ‘Friedensstadt’ (City of Peace), a name it is quite rightly proud of. The wonderful historic town centre, the remains of the city wall and the 800-year-old St. Peter’s Cathedral all bear witness to a long history.

There are many amazing things to see in Lower Saxon’s capital city of **Hanover**. One of them, Herrenhäuser Gardens, is one of Europe’s most impressive Baroque garden complexes. Did you know that Georg Friedrich Händel was inspired to compose his famous Water Music by the fountains and flower beds here? The gardens are not the city’s most famous landmark, though. That status is held by the magnificent New City Hall with its 100-meter-high dome.

The Westphalian cycling city of **Münster** is an impressive mix of traditional and contemporary. On a tour of the city’s historic district you will visit historic sandstone buildings such as St. Lambert’s Church, Prinzipalmarkt and the cathedral. And we will also have time to listen to the glockenspiel at the Town house Tower!

Arrival and departure times are guide times. The Elbe is not regulated by locks in Germany, which is why it has natural river bank landscapes that are unique in Europe. However, this makes it more susceptible to high and low water levels than other rivers. We therefore expressly reserve the right to make short notice programme changes (itinerary, excursions) due to problematic water levels. If it is impossible to navigate part of the river due to low/high water levels or a ship defect, the shipping company reserves the right to transport guests to the excursion destinations in coaches, to accommodate them in hotels and/or to change the route. Under certain circumstances it may be necessary to change ships.

RHÔNE, SAÔNE & BURGUNDY

PEOPLE AROUND THE WORLD KNOW THAT THE FRENCH ARE EXPERTS IN ENJOYING LIFE AND “SAVOIR VIVRE” IS USED IN MANY DIFFERENT LANGUAGES. ON OUR BREATHTAKINGLY BEAUTIFUL RIVER CRUISES ALONG THE RHÔNE, SAÔNE & SEINE YOU WILL EXPERIENCE THE FULL SPECTRUM OF THE FRENCH ART OF LIVING – THROUGH ITS CUISINE AND CULTURE.

SEINE & LOIRE VALLEY

We associate savoir vivre with café au lait, croissants and baguettes, but also with excellent red wines, fresh oysters and coq au vin. Yet there is far more to French lifestyle than culinary delights. It also embraces time-honoured cities, sun-kissed natural landscapes, wild horses and flamingos – to mention just a few things. Our river cruise routes give you the opportunity to experience as many of the interesting facets of France as possible. The Rhône and Saône lead straight into the beautiful countryside of southern France, past historically significant towns such as Lyon, Arles and Avignon and spectacular scenery. In the sunny climes where the Beaujolais and Côtes du Rhône grapes ripen, you will experience another aspect of the French art of living: “laissez-faire”, although laissez-faire can also be found in the magical north of the country. It inspired Edith Piaf, Claude Monet and Vincent van Gogh. The Seine leaves none of these different facets untouched on its journey to the Le Havre on the Atlantic coast – including the countless attractions of the capital city of Paris.

RHÔNE, SAÔNE AND BURGUNDY, SEINE AND LOIRE VALLEY

Through colourful southern France on the Rhône and Saône

If France is the European centre of luxury, Lyon is one of its strongholds. In the oldest part of the city, "Vieux Lyon" you will find traboules – secret covered passageways between the alleys. They were used in the olden days by workers to transport silk and fabric bales through the city. Today, they are used by the numerous cafés and bars to transport delicious food and beverages on trays. One such delicious beverage is fruity Beaujolais, the wine produced at the vineyards

to the north of the city. Proud **Lyon** has UNESCO World Cultural Heritage status. It is also a Catholic Church diocese with Lyon Cathedral – seat of the archbishop – and the Basilica Notre-Dame de Fourvière, both impressive buildings in their own right.

The **Burgundy** region has a long history, too. But it was the secular rather than the spiritual gentlemen who settled here. Influential medieval dukes selected **Beaune** as the location of their palace.

Avignon Bridge · Rhône

You can get a sense of what it was like to live in **Beaune** in centuries past as you walk through the alleyways between the 12th century Notre-Dame Church, the medieval fort, the Dukes' Palace and the former hospital, Hôtel-Dieu.

Leaving the busy cities behind us we pay a lengthy visit to the **Ardèche Gorges** where some of France's most beautiful natural scenery can be found. You will have plenty of time to admire the craggy rock faces, the layers of basalt and the blue water. It took the river more than 100 million years to create this magnificent canyon. On the way there, you will see enchanting centuries-old chestnut forests and orchards, graceful hills and little streams. And if it is summer, close your eyes and breathe in deeply. Can you smell the scent of lavender?

Dutch painter Vincent van Gogh used his eyes, rather than his nose, to soak up the atmosphere of this southern province. The special light here inspired him to paint some of his most famous works and found the Modern Art movement in **Arles**, on the banks of the Rhône. Keep your eyes open as you walk around the town and you will notice some of the details he incorporated in his paintings! The town also has some interesting

architecture because it is a former Roman settlement. But do not be surprised if you hear a bovine roar near the amphitheatre because it is still the venue for the "Course Camargaise" bull fights.

That brings us to our next highlight on the river cruise through southern France: the **Camargue**. Flamingos, wild horses and giant herds of cattle can all be found in this unique region. Surrounded by the delta arms of the Rhône, where it flows into the Mediterranean, the Camargue is a place with an almost magical power of attraction. This is partly due to the Mediterranean climate, the varied landscape and the culinary delicacies.

Eiffel Tower · Paris · Seine

If you only know **Avignon** because of the famous song about the ruins of Saint-Bénézet Bridge, take the opportunity to discover more about it on our cruise excursion because the city has far more to offer than the "Pont". The town was a Catholic papal enclave for several decades in the 14th century. Castles and palaces, plazas and streets, and of course the Papal Palace, all date back to that era and contribute to this town's very special atmosphere.

Through magical northern France on the Seine

Fall in love with the romantic capital of the world! Your experience of **Paris** during our Seine cruise will be different from any other visit to the city! You will see famous attractions such as the Eiffel Tower, the Arc de Triomphe, Notre-Dame and the Champs-Élysées from an entirely new perspective. Take in the spiritual and secular buildings, streets, plazas, museums and parks, and do not forget to take a break occasionally. The Parc du Luxembourg is the perfect place to pause. After all, you will need to be well-rested before you step into the French capital's night life and pay a visit to one of its famous cabaret and variété performances!

Jumièges Abbey ruin · Seine

If we are to believe French author Victor Hugo, there is no doubt about which of France's ruins is the most beautiful of all. **Jumièges Abbey** captivated visitors when it was still intact and it continues to do so today. The abbey is an excellent example of Roman architecture located at a picturesque site on a Seine river bend in the regional nature park. Its twin towers are 46 metres tall. On the subject of tall: just a few kilometres west of Rouen in **Saint-Martin-de-Boscherville** an impressive lantern tower rises above the low sandstone houses. It is part of the three-aisle St. George's Abbey, a well-preserved example of Norman Romanesque architecture.

Honfleur

It is a long time since the little fishing village of **Honfleur** was an insider tip. Today, word has spread throughout Normandy and Europe of this jewel in France's crown, with its tiny alleyways, colourful half-timbered houses and marina. The famous Impressionist painters are partly to blame. But, the good thing is that this village has lost none of its charm as a result! The 15th century wooden seamen's mission, Sainte Catherine, is definitely worth a visit.

Rouen is also at the heart of Normandy's Impressionist country. Today, in the 21st century, the region's capital still has its wonderful medieval alleyways, Gothic architecture and the hourly-changing mood that fascinated Monet, Pissarro and Sisley. Claude Monet spent a whole year making paintings of the cathedral. You will understand why he was so captivated when you see this impressive piece of architecture. But, when you get there, make sure you turn around to look at the first floor of today's tourist information office. That is the former studio where the artist sat to paint the cathedral.

You will have another close-up experience of Monet on an excursion to **Giverny**, where you can visit his home, the paradisaical garden and the lake with water lilies. The artist lived here between 1883 and 1926. Although the water lilies are not the plants that inspired Monet's art at that time, they are no less beautiful than the originals.

Enjoy a close-up experience of the Loire's castles

Would you like to enjoy some more savoir vivre after your dream cruise? Then spend a few days in beautiful **Loire Valley**! You will be inspired by the many breathtaking castles in the valley! They include the most splendid riverside castle of all, Château de Chambord, as well as Château de Blois with its unique architectural variety and the picturesque Chenonceau Castle with moat. On an excursion to the Renaissance gardens at Château de Villandry you will see the most perfect example of garden art in the Loire region and in Tours, you can walk in the footsteps of holy St. Martin. A deliciously aristocratic experience awaits you during a visit to a traditional vineyard, where you will also have the opportunity to sample its fine wines. You wanted to experience French savoir vivre and this is as good as it gets!

Explore the most beautiful parts of Burgundy

In **Burgundy** you will be immersed into the highlights of the French culinary and cultural scene. Try out the typical regional wines and admire Château Clos de Vougeot. Visit the Sainte-Marie-Madeleine Basilica in Vézelay and Fontenay Abbey. Be inspired by the stately face of Dijon. The city has been a bridge between northern Europe and the Mediterranean region ever since the Romans ruled here. Quite possibly, you will be unable to resist the charm of this former capital city of the Duchy of Burgundy. But that is OK! A visit to the Cassissium in Nuits-St.-Georges will bring welcome distraction. Here, everything revolves around blackcurrants and the delicious liqueurs that are made from them.

DOURO

THE PORTUGUESE ARE EXPERTS AT LIVING NEAR, ON AND WITH WATER BOTH ON THE ATLANTIC COAST AND IN THE DOURO REGION, ONE OF THE OLDEST WINE-GROWING REGIONS IN THE WORLD. AN EXCELLENT MICRO CLIMATE NOT ONLY PROVIDES THE PERFECT CONDITIONS FOR THE PREMIUM VINES TO GROW, BUT ALSO FOR IMPRESSIVE CRUISES UP AND DOWN THE RIVER.

The Douro Valley, with its steep vineyards, romantic villages and fascinating views, is one of the most beautiful regions of Portugal. UNESCO agrees, which is why the third-longest river on the Iberian peninsula with its steep slopes has World Cultural Heritage status. The grapes grown here are used to make the famous table and liqueur wines that northern Portugal is famous for – here in Europe and around the world.

The Douro – or Duero as it is known here – begins in Spain before crossing Portugal from the east to west and flowing into the Atlantic Ocean at Porto. On its journey it flows past proud vineyards, medieval towns and beautiful landscapes. Then, when it reaches the port city of Porto with its mix of traditional and modern architecture, it flows into the ocean. Our wonderful river cruises take us from the Spanish border to the sea.

DOURO

Douro Valley

The Douro Valley has every right to call itself one of the most impressive river landscapes on the European continent. At the many wonderful ports of call along this cruise we gain incredible insights into life on the banks of this river. You will start off the journey by making some lasting memories in **Porto**. The city named in the 18th century for one of the finest wines in the world boasts fascinating narrow alleyways and centuries-old buildings. The **Dom Luís I Bridge** is just one of a total of six bridges in this city, though it is by far the most famous.

At 385 metres in length and weighing more than 3000 tonnes, it was the largest cast iron arched bridge in the world at the time of its construction in 1886. The bridge was named after King Dom Luís I, who commissioned the plan from Théophile Seyrig, a former partner of Gustav Eiffel. It provides a breathtaking view of the water and the city. Naturally, we will be sampling the city's famous port wine before we leave Porto at a **wine tasting experience** in an historical wine cellar.

During our cruise on the Douro we will be making a stop at tranquil **Pinhão**. It has a fascinating rail station decorated with “azulejos”, the famous blue and white ceramic tiles. The 25 tiles depict typical regional landscapes and – typically for the region – the grape harvest. From here it is just a stone’s throw to **Vila Real**. Many members of the aristocracy settled in this town between the 15th and 17th century. The magnificent Baroque Mateus Palace, residence of the last Count of Vila Real, dates back to the same period. A walk through the park-like palace gardens is a must – it is an insider tip and one of the most beautiful places in Europe!

In **Castelo Rodrigo** we will take another journey back into the past. We will visit the historic church parish with its history-steeped castle ruin on an 800 metres-high plateau. Figs are part of the municipality’s name, Figueira de Castelo Rodrigo, because of the many fruit-laden fig trees that grow here. And, in addition to the abundance of fig trees, the town has many magnificent almond trees, which is why Castelo Rodrigo is also known as the “white town”.

Salamanca, another of our cruise destinations, is also known as “gold-yellow town” because that is the prevailing colour. All of the buildings in the centre of this Spanish university town are clad with gold-coloured stone. The “new” cathedral dating back to the 16th century and the “old” cathedral, which was built in the 12th century, are equally fascinating. There is plenty of time to sit on Plaza Mayor, enjoy a coffee and soak in the atmosphere of this vibrant city thanks to the nicko cruises slow cruising concept.

We will be taking another journey through the centuries in **Lamego**, a picture perfect town built in the Portuguese Baroque era. An open stairway with 600 steps leads from the pilgrimage site of the Saint of Remedie down to the town, where the Gothic cathedral is worth a visit. And make sure you sample some of Lamego’s famous culinary specialities, such as cured ham, Bola de Lamego (bread filled with cured ham), smoked kid or Raposeira sparkling wine. To ensure that you really do know everything about the country and its people at the end of your dream cruise, we will be taking you along to **Guimarães**. This city is also known as the “Cradle” of Portugal because the first Portuguese King Afonso I is said to have been born here. Today, the historic centre of the country’s first capital is a UNESCO World Cultural Heritage site. We also visit **Braga**, Portugal’s religious centre.

Camino de Santiago: Galicia

Portugal and Spain not only share their location on the Iberian peninsular and the river Douro, but also many other things such as the Camino de Santiago. We will take you to Galicia for a first-hand experience of the pilgrims' road in our post-cruise programme. On the way to the number one pilgrim destination of **Santiago de Compostela** we will stop off in the little town of **Pontevedra**, nestling in a bay on the Atlantic coast. There are no cars to be found here, but you will have plenty of time to discover the Church of the Pilgrim Virgin. In the heritage protected fishing village of **Combarro** there are still many 18th century granaries standing today. After arriving in Santiago de Compostela we will naturally go straight to the wonderful old city with its famous cathedral. Take the time to experience close up how humble and emotional pilgrims from all over the world are when they first see the church after walking for weeks over hill and dale! **A Coruña** will also transport you back to times past with its Roman streets and its medieval squares and churches. And, in **Tui**, one of Galicia's oldest towns, as well as **Valença do Minho** on the other side of the border, you can see exactly how closely linked Portugal and Spain are.

"The coast with a thousand islands" is a name that perfectly describes the beautiful rugged coastline of the Croatian Adriatic. It boasts an archipelago of islands of all sizes, interspersed with peninsulas, secluded bays, sea channels and mountain ranges. All against the backdrop of an incredible blue sea that looks spectacular set off against the spectrum of colours on the land. This region of Croatia is spectacular on water and on land. Charming port towns such as Zadar, Šibenik, Rogoznica, Split and Dubrovnik with their rich cultural heritage and breathtaking architecture are the indulgent and inspiring destinations of this cruise. Possibly the most inspiring is the "Pearl of the Adriatic", Dubrovnik. It is the country's most beautiful town with a history dating back to the 7th century. Even back then, water played an important role.

DALMATIAN COAST

Water as far as the eye can see

The saying, "The best always comes last" does not apply to a cruise along the Dalmatian Coast, because this is a place where you can see one spectacular sight after the next – natural and cultural – all linked together like a string of pearls. The **Plitvice Lakes** are one example. The lakes and the surrounding area have been protected UNESCO World Heritage sites since 1979. They are also one of the very last retreats for the wild bears and wolves whose ancestors also lived here when the famous Karl May westerns were shot in the 1960s. The cascading crystal clear waters of the 16 lakes have featured in the "Treasure of the Silver Lake" western and other movies.

The port town of **Zadar** is no less photogenic, although it played no part in the western. Located on a peninsular, it was a fortress until the 19th century. The Venetian walls surrounding the historical town centre are still standing today. One of the town's most beautiful attractions is heard rather than seen. The sea organ that uses the incoming waves, which flow through the

organ pipes, to create beautiful otherworldly sounds. It can also be heard on the little boats called Barkajoli. These small rowing boats have been transporting passengers from one part of the city to another for more than 800 years.

Mediterranean or Caribbean? Ship passengers on the Dalmatian Coast ask themselves that question every morning when they go up on deck to enjoy the views, especially when they are cruising between the **Kornati Islands**, which are quite rightly called Croatia's "Robinson Crusoe Islands". Not only the colour of the sea, but also the underwater flora and fauna in this largest Mediterranean archipelago are just as impressive than those of Cuba or the Bahamas. Bathing in the crystal-clear waters of the Adriatic near the **Island of Žut** is an absolute must! Just a few sea miles further along Croatia suddenly begins to resemble Scandinavia, when an incredibly fjord world only otherwise seen in northern Europe begins at **Šibenik**. The view of the fjord landscapes from on board the ship is absolutely exhilarating. The **Krka National Park** is also world famous for being part of the Winnetou movies. The most impressive of the seven major waterfalls in the park is called "Skradinski Buk" and it plunges over a distance of more than 48 metres over 17 steps. You will love it here! So do the more than 220 animal species and 860 plant varieties that live in the National Park, which has various biotopes due to its special location.

Krka National Park

Once we arrive in **Split**, after travelling past scenery that would not look out of place in the Caribbean and Scandinavia, we encounter Croatia's Italian face and the "dolce vita". The Roman emperor Diocletian, who abdicated voluntarily, built a palace here for his retirement. The palace today accounts for around half of the Mediterranean old quarter – approximately 30,000 square metres – and offers visitors a wonderful chance to experience ancient history. The parts of the complex with UNESCO World Heritage status include the former mausoleum, the Jupiter Temple and the underground halls. It would be no exaggeration to call it an open-air museum. The perfect way to relax after a busy day sightseeing is a swim in the crystal-clear waters of the Adriatic, before we head off for the Makarska Riviera.

Anyone who thinks that, by now, they have seen the most beautiful parts of Croatia will be proven wrong when they reach **Dubrovnik**. The "Pearl of the Adriatic" or "Croatian Athens" is the most famous and in all probability the most beautiful town in the land. The car-free historic centre has UNESCO World Heritage status to ensure that the buildings from all eras of the town's 1300-year history will be preserved for future generations to enjoy. The solid 16th century wall also makes an important contribution to protecting the churches, monasteries, palaces and Europe's oldest pharmacy. The **Island of Mljet** with its National Park and expansive forests, provides a pleasant contrast. It is also an island associated with Greek mythology. According to Homer the nymph Calypso seduced the hero Odysseus and held him captive here.

Split

Dubrovnik

As if there were not already enough islands on the Dalmatian Coast, an artificial island was created here in the Middle Ages. The residents of **Trogir** surrounded their town with a moat to protect it from the Ottomans. At the time the town was already several hundreds of years old. It was established in around 300 B.C. by the Greeks. The picturesque historic centre is best explored by simply wandering aimlessly through the crooked alleyways. Then you will simply “happen upon” the many romantic plazas, the Loggia, the Rector’s Palace and the many typically Dalmatian patrician houses. One thing you should not miss is the beautiful promenade!

The same applies to **Korčula**, Dalmatia’s “green island”. The location of this semi-circular island that is almost completely surrounded by water makes it one of the most unusual in the country. However, this description is put into perspective when you consider the many unusual places the country has to offer. You can trace the footsteps of Marco Polo here through the beautiful palm, olive and pine trees. It is said that the famous missionary and explorer of China was born here.

You will feel as if you have been transported back to Marco Polo’s day when you arrive in the car-free town of **Hvar**. It was ruled by the Venetians for more than 500 years, and there is evidence of this in many places. The romantic old city features many 15th century Renaissance buildings and St. Stephan’s Cathedral. Standing majestic, high above the town, the 16th century Španjola Fortress is an excellent vantage point. The people of Hvar asked Spanish experts to help them build it to protect themselves from the Turks, and it was finished in 1551. Hvar is known as the “St. Tropez of Croatia” because both European and international high society have recognised what a magical place it is.

nickoVISION

With its innovative design and brand new on-board concept the river cruise ship of the year 2018 has raised the river cruise benchmark to a new level. nickoVISION is the perfect ship for everyone who thinks river cruises are "dated" or who does not want to decide what to eat for dinner in the morning. It is also an excellent choice for all the people who want their holiday on the Danube to be a spontaneous experience focused on individual enjoyment. On the outside, the river cruiser's large glass surfaces and distinctive lines are the first things you see. On board the ship, the modern and elegant concept is reflected in a light-flooded, exclusive interior.

Cabin information

We have poured a lot of passion into the 14 m² outside cabins on nickoVISION, with their light colours, modern design and optimum space utilisation. The result is comparable to a first class hotel room. At the guests' request, the double bed can be split into two singles. Windows opening onto the French balconies on the middle and upper deck provide excellent views. Cabins on the main deck have windows that do not open. In the bathroom you will find practical surfaces for your toiletries and there is plenty of space in the wardrobe for your clothes. The cabins also have individually adjustable air-conditioning, radio, telephone, satellite TV, shower/WC, hairdryer, fridge and a safe.

On-board facilities

nickoVISION has three restaurants (all inclusive), a panorama salon, the VISIONbar with veranda at the bow, a sun deck with pool, sun sail, sun loungers, chairs and tables, two big hammocks and a putting green. A gym with cardio equipment and weights, a spa with sauna and steam bath, a library, a lift between the main, middle and upper deck and a souvenir shop are also available.

Payments

The currency on board is the euro. At the end of the cruise you can conveniently pay for any excursions booked on board in cash, with your debit card (PIN needed) or with your credit card (Mastercard, VISA).

IMPORTANT INFORMATION – FRANK WORDS

Dear Cruise Guests,

We are delighted you have decided to book a river cruise with nicko cruises and are starting to plan your holiday. Now we would like to give you some advice for your preparations. Every kind of holiday is associated with its own special features and useful tips that are worth knowing. We have picked out the most important ones – in our opinion – so that you can travel in comfort.

Our ships offer you the greatest possible comfort, but you will naturally have to negotiate stairs, narrow doors and corridors. The ship entrances and exits are generally accessed via narrow gangways, some of which are sloping. Sometimes the ship is accessed via the sun deck. If you cannot negotiate these obstacles without assistance, a cruise is not a good choice of holiday for you. None of our nicko cruises ships are disabled accessible.

EXCURSIONS

nicko cruises offers a pre-bookable package of interesting excursions that we highly recommend with every cruise. (Excursions are included in the fare with some cruises, so please read the cruise description). Additional excursions can be booked on board. They often have a minimum number of participants. Unless otherwise stated, excursion group sizes are generally between 30 and 50 participants. If you do not participate in an excursion you have booked (either as an advance package or on board the ship), the costs are non-refundable. Please note that high and low water, certain weather conditions, changes to the assigned mooring location at the port of call or waiting times at locks can lead to delays and changes to the excursion programme, such as changes to the exit or entrance point. Theatre productions depend on the theatre programme and can change at short notice.

LANGUAGE ON BOARD

German and English are spoken on board all nicko cruises ships. Now that nicko cruises is expanding into the international market, there may be some cruises with groups of passengers who speak a different language. In this case, tannoy announcements and announcements at evening events will be made in German, English and in the relevant foreign language.

DIALYSIS

A dialysis machine will be available on board the BOLERO during all the 8 and 15-day Danube cruises for use by dialysis patients against a charge (to be paid to DiaCare). If you are a dialysis patient, please reserve your dialysis place directly with our partner DiaCare before booking (DiaCare Tel. +49 (0)40 6077 33820).

EMBARKATION AND DISEMBARKATION

Detailed embarkation instructions with the exact berth at the embarkation point will be sent to you with your travel documents. Even when a ship has an officially confirmed berth it is sometimes necessary to change it at short notice. If you are making your own travel arrangements to the embarkation point, please check the information boards at the port. If you have booked one of our well-organised packages including coach, rail or flight tickets, you will be taken directly to your ship when you arrive. Please be sure to note the exact embarkation times. Even if the ship arrives at the port early, the crew must use the time to get everything "ship shape". For that reason you will not be able to come on board before the stated embarkation time. Your luggage cannot be checked before 13:00.

ELECTRICAL APPLIANCES

For safety reasons, irons, electric kettles, hair straighteners, immersion heaters and similar electrical appliances may not be used in the cabins. The cabins on all the ships have hair dryers. The electrical voltage in your cabin is 220 volts. European (Type C) plugs can be used without an adapter on almost all nicko cruises ships. Further details are provided in your travel documents.

FIRST AID ON BOARD / HEALTH

A medical officer is on board all 12, 15 and 17-day Danube cruises to provide medical assistance as required. Local physicians on the shore can also be contacted at short notice. Medical services provided by the ship's medical officers and any medication administered has to be paid for on the ship. Our crew (for example reception personnel) are not allowed to dispense any medication. Please remember to carry sufficient supplies of any medication that you need constantly in your hand luggage. Also bring along standard medications such as headache tablets. No liability is accepted for medications that you bring on board. We recommend that you take out insurance for medical treatment abroad that covers repatriation costs. All of our ships are subject to strict hygiene requirements, which are constantly monitored by the management. For your own safety, we have placed hand sanitizers on board in many different locations, which every guest should use as often as possible to prevent the accidental spread of pathogens on the ship. Upon request, oxygen equipment is permitted on board many ships. Please note, however, that there may be temporary power fluctuations on board. Carrying oxygen cylinders in coaches is generally not permitted.

GUESTS WITH PHYSICAL DISABILITIES

Our ships offer you the greatest possible comfort, but you will naturally have to negotiate stairs, narrow doors and corridors. The generally narrow gangways are sometimes on a slope; and ships can be moored in groups, which means access to your ship may be via another ship. Sometimes access to the ship is via the sun deck. None of our river cruise ships are disabled accessible. If you need special assistance, you must travel with a carer. Our crew is always willing to give a helping hand, but please bear in mind that they are not trained carers and not permitted to carry out any nursing duties. Please let us know of any handicaps before you book. We will be happy to advise you on whether a river cruise is suitable for you.

INTERNET ON BOARD

Many nicko cruises ships have Wi-Fi internet on board which can be booked at reception or from the cruise director against a charge. (Please read the information about the ship). Continuous reception cannot always be guaranteed and along some river sections there may be temporary interruptions in network coverage. We are sorry, but costs will not be reimbursed due to network coverage interruptions. To ensure the most stable internet service possible, there are restrictions on certain streaming providers and internet services. For more information, please refer to the information folder in your cabin. If you have any other questions you are welcome to contact reception.

CABINS

You will usually receive your cabin number with your booking confirmation. We will gladly accept your non-binding cabin request when you book. However, information on cabin numbers is expressly not part of the contract. Most cabins are affected to some extent by typical ship noises and odours, such as the engine, the air-conditioning or ventilation system. The cabins designated as "aft" are in the back section of the ship. Engine noises can be heard to a greater extent in these cabins when the ship is in motion. The cabins at the front of the ship are affected to a greater extent by bow thruster noises during docking manoeuvres and when passing through locks. All cabins are outside cabins, either with a private balcony or a French balcony, a panorama window (that can be partially opened) or a porthole. Minor field of view restrictions are possible due to stairways or balcony struts. Detailed information is provided in the ship profile from page 276 onwards.

CHILDREN ON BOARD

A 30% discount on the cabin rate applies for children up to the age of 11 sharing a cabin with their parents. (Not applicable for MEKONG NAVIGATOR and Egypt cruises. Discounts are available upon request for THURGAU SAXONIA and FREDERIC CHOPIN). One child can be accommodated with two adults in the 3-bed cabins (subject to availability). Some of the Danube ships have fold-out beds for children travelling with parents. Despite these options, our cruises are not generally suitable for children. There are no special entertainment programmes, babysitting services, toys, child seats or cots for children on board. Children under the age of 3 are not permitted on board.

DRESS CODE

We recommend sporty-casual clothing during the daytime on board the ships and for the excursions. You should wear non-slip shoes on the outside decks. We recommend a sweater for cooler evenings and comfortable footwear for the shore excursions. Remember to take a head covering, sunglasses and rain

protection with you. In this connection, also consider that foreign countries often have other customs with religious roots. Churches, monasteries, temples and mosques are, first and foremost, places of worship. Please therefore wear appropriate clothing. Shorts, short skirts and sleeveless tops are not appropriate. The evening dress code is smart. At the gala dinner you are also welcome to wear formal attire.

SHORE EXCURSIONS

Shore excursions that nicko cruises has organised and put together for you will take you to the most important sights along the cruise. You are also very welcome to explore the places where we call into port on your own. Leaving your ship is always possible when the authorities as well as the captain have officially cleared the ship and the corresponding announcement has been made. Please check the daily programme to see when you have to be back on board. The ship has registered berthing times at the ports and cannot wait for late passengers. Any additional expenses, (such as hotel costs or additional transfer costs to the next port of call) will not be paid by nicko cruises.

MULTI-BED CABINS

On some nicko cruises ships we offer guests the opportunity to book cabins for three occupants. These cabins are not necessarily any larger than the regular double cabins. The third bed is generally a mobile extra bed or a single bunk installed on the wall.

SERVICES NOT INCLUDED IN THE CRUISE FARE

Please note that the following services are not included in our cruise fares: Individual arrival and departure, excursions – unless explicitly included in the cruise fare – insurance, drinks, tips (recommendation €10-13 per person/day), other personal expenses.

PASSENGER MANIFEST

For cruises to Croatia, Egypt and Asia we require certain information from you before we set out in order to prepare a passenger manifest. It contributes to faster official clearance of the vessel in the various ports and shortens waiting times for you. The information on this passenger manifest is subject to data protection. Further details are provided in your booking confirmation. On all other cruises the manifest is prepared on board by the ship's crew. A manifest is also a requirement for cruises within the EU. For that reason all passengers' ID cards/passports will be collected during the embarkation process. It is not necessary to record passport data before the start of the trip.

PASSPORT /VISA

Please check in good time before departure that all necessary travel documents and papers are properly valid. Also note that you are responsible for ensuring that you have the correct travel documents and visas, as well as for compliance with vaccination requirements. Read the "Important Travel Information" for citizens of the Federal Republic of Germany, Austria and Switzerland on the pages relating to the cruise you have booked in this catalogue. Citizens of other countries should get in touch with their consulate or travel agency in good time. Failure to comply with passport and visa requirements may result in refusal of carriage or considerable costs for the passenger concerned. If a passenger is not able to join a cruise due to missing documents, the cruise fare will not be refunded. German citizens require visas for trips to Egypt and Asia. The visa is not part of our travel service (except the visa for Egypt if a cruise with flight has been booked via nicko cruises) and every guest is responsible for obtaining their visa. You can obtain a visa for Asia from the consulate/embassy service centre or use a visa service provider. If you wish to use a visa service provider we will be happy to provide a recommendation. You will receive the visa application with your booking confirmation at least 3 months before the departure date. The visa for Egypt is issued when you enter the country. Please obtain information about the effective customs regulations in the countries along your travel route before departure.

MAIL

You can drop off your mail on board. Usually the mail is dispatched at the next port. Postcards and stamps can be purchased from the ship's reception desk. However, prices on board are generally more expensive than shore prices.

PRICE AND SERVICE CHANGES BETWEEN CATALOGUE PRINTING AND BOOKING

1. The offers for the contractual travel services in this catalogue correspond to the status at the time of going to press in June 2022. However, please understand that it may be necessary for objective reasons to make changes to services before your booking request is received and we therefore expressly reserve the right to make such changes. We will of course inform you about these before the conclusion of the contract.
2. The prices stated in this catalogue also correspond to the status at the time of printing and are binding for us as the travel operator. However, we expressly reserve the right to change the cruise fare before conclusion of the contract. Naturally, you will be informed of any such change before booking:

- After publication of the catalogue, a corresponding adjustment of the price stated in the catalogue is permissible in the event of an increase in transport costs (especially fuel costs), charges for certain services such as port, airport or entry fees, air traffic security costs, air traffic or value added tax, so-called "bed tax" or a change in the exchange rates applicable to the trip in question.
- A price adjustment is also permissible if the package trip requested by the customer and offered in the catalogue is only available through the purchase of additional tourist services (contingents) after publication of the catalogue. When prices change after the conclusion of the travel contract, the provisions on price changes in our terms and conditions of travel apply, to the extent effectively agreed, and we expressly additionally refer to them.

SMOKING

Smoking is only permitted on the outside decks (and on some ships only in the designated areas). All inside areas of the ships such as restaurants, salons, cabins, corridors etc. are non-smoking areas.

TRAVEL DOCUMENTS

Travel documents are ready to dispatch approximately 21 days before departure and will be sent to you after receipt of payment and – if mandatory – completion of the passenger manifest data. In the case of bookings less than two weeks before departure or last-minute rate bookings, travel documents will be sent by e-mail only. In addition to the vouchers for booked services, the travel documents contain important information, such as embarkation instructions. In individual cases, the arrival of the documents may be delayed until a few days before departure.

ITINERARY/INFORMATION ON TRAVEL DATES

The travel dates and days of the week are specified in the cruise description for all one-off cruises in the 2023 season. When a cruise takes place on different (or rotating) weekdays, the itinerary starts with Day 1 and continues for the rest of the cruise commencing on the date we have stated as the departure date.

ROUTE AND SERVICE CHANGES

River cruises are strongly dependent on the weather situation. For example heavy rainfall or a lengthy drought can negatively affect water levels. It may be necessary to change the route due to high and low water, certain weather conditions, delays at locks or bridge tunnels. Strikes can also result in route and service changes. If a section of the river is impassable, we will organise another available means of transport or accommodate guests in hotels on the affected travel dates. As a result of this it may not be possible to provide certain programme content. nicko cruises also reserves the right to change the sequence of the ports of call.

SECURED PAYMENT CERTIFICATE

Your cruise fare is insured in accordance with EU directives. You will receive the cruise fare secured payment certificate with your nicko cruises travel confirmation.

SHIP BERTHS

Every ship has a berth in every port. It can be assigned or changed at short notice by the authorities. It will not always be in the centre. In many cases it is not the front position at the mooring either. Ships are sometimes "grouped", which means several ships are moored next to each other. In this case you may see the next ship out of your window and you may be disturbed by noises or odours. When you disembark, it may be necessary to walk across one or more other ships. Also note that when the ship is moored there may be visibility restrictions as a result of pontoons and quay walls.

SHIP FACILITIES

Every nicko cruises river cruise ship has a comfortably appointed salon with a wonderful view of the scenery on the route. During the evening the ship's musicians play dance music and during the daytime information events and an entertainment programme take place here. (This varies from ship to ship). On some ships there are additional smaller salons where small groups of passengers can read or play games. Some ships also have small gyms that you can use free of charge. Massages subject to an additional charge can be booked on the DOURO SERENITY and the MEKONG NAVIGATOR. Use of this service is at the passenger's own risk. There are chairs, tables and generally also sunbeds with sunshades on our sun decks. Please note that there are restrictions on the number of these items permitted on deck and a maximum limit applies. Also note that the nicko cruises ships are not disabled accessible.

EXPECTANT MOTHERS

Expectant mothers will be permitted to travel up to the 28th week of pregnancy, provided that it is not a high-risk pregnancy.

VACCINATIONS

Until further notice, all passengers on our cruise ships aged 12 and over must either have a valid COVID-19 vaccination certificate or a certificate of recovery at the time of the cruise.

TELEPHONE

On many nicko cruises ships it is possible to make calls between cabins. On the shore satellite telephone calls are possible. However, these calls are very expensive and we recommend that you use your own mobile phone to call home. Please request information about roaming charges from your network operator before the cruise.

ANIMALS/BICYCLES

Due to space restrictions, we regret that we are unable to accommodate pets or bicycles on our ships. We ask for your understanding.

TIPS

It is internationally customary for a satisfied guest to reward the services of the service staff accordingly. The amount of the tip is of course up to each guest and should be an acknowledgement of the service personnel's good work. We recommend tips for the ship's crew of €10–13 per guest and night, not including nicko cruises management personnel, local tour guides and bus drivers. However, you are also welcome to thank them with a tip.

DRINKING WATER

Fresh water is always stored in tanks on ships so we recommend that you do not drink the tap water. Mineral water is available in the bars and restaurant. However, the tap water is perfectly safe for brushing teeth. nickoVISION is an exception to this rule. This ship has drinking quality tap water.

TV

Ships with TVs use a satellite system to ensure reception during much of the journey. There can be brief reception interruptions when the ship is passing under bridges or in locks, and on certain other sections of the route. We try to provide at least one International channel at all locations, although it is not possible in some regions.

FOOD AND BEVERAGES

Full-board is provided to all nicko cruises ship passengers and details are provided in the cruise description. (This does not apply in Croatia – please read the information about the itineraries there on pages 224–235). The meals are enriched with local elements which vary depending on the cruise route. Buffet breakfasts are provided on all ships (except in Croatia, where a comprehensive continental breakfast is provided or served). A light lunch is served in the salon (except in Croatia). Lunch is mostly served at the table and dinner is always served at the table. Some meals are provided in buffet format. There are meal sittings on board the ship, except on nickoVISION and nickoSPIRIT, where meals can be taken at flexible times without seat allocation in any of the three restaurants. Table reservations are not possible. If you have food intolerances or special dietary requirements please communicate them to us when you make your booking. Usually, appropriate meals can be prepared for you. Please understand that in exceptional cases this is not possible in Croatia, Egypt or Asia, and on certain flights.

VALUABLES

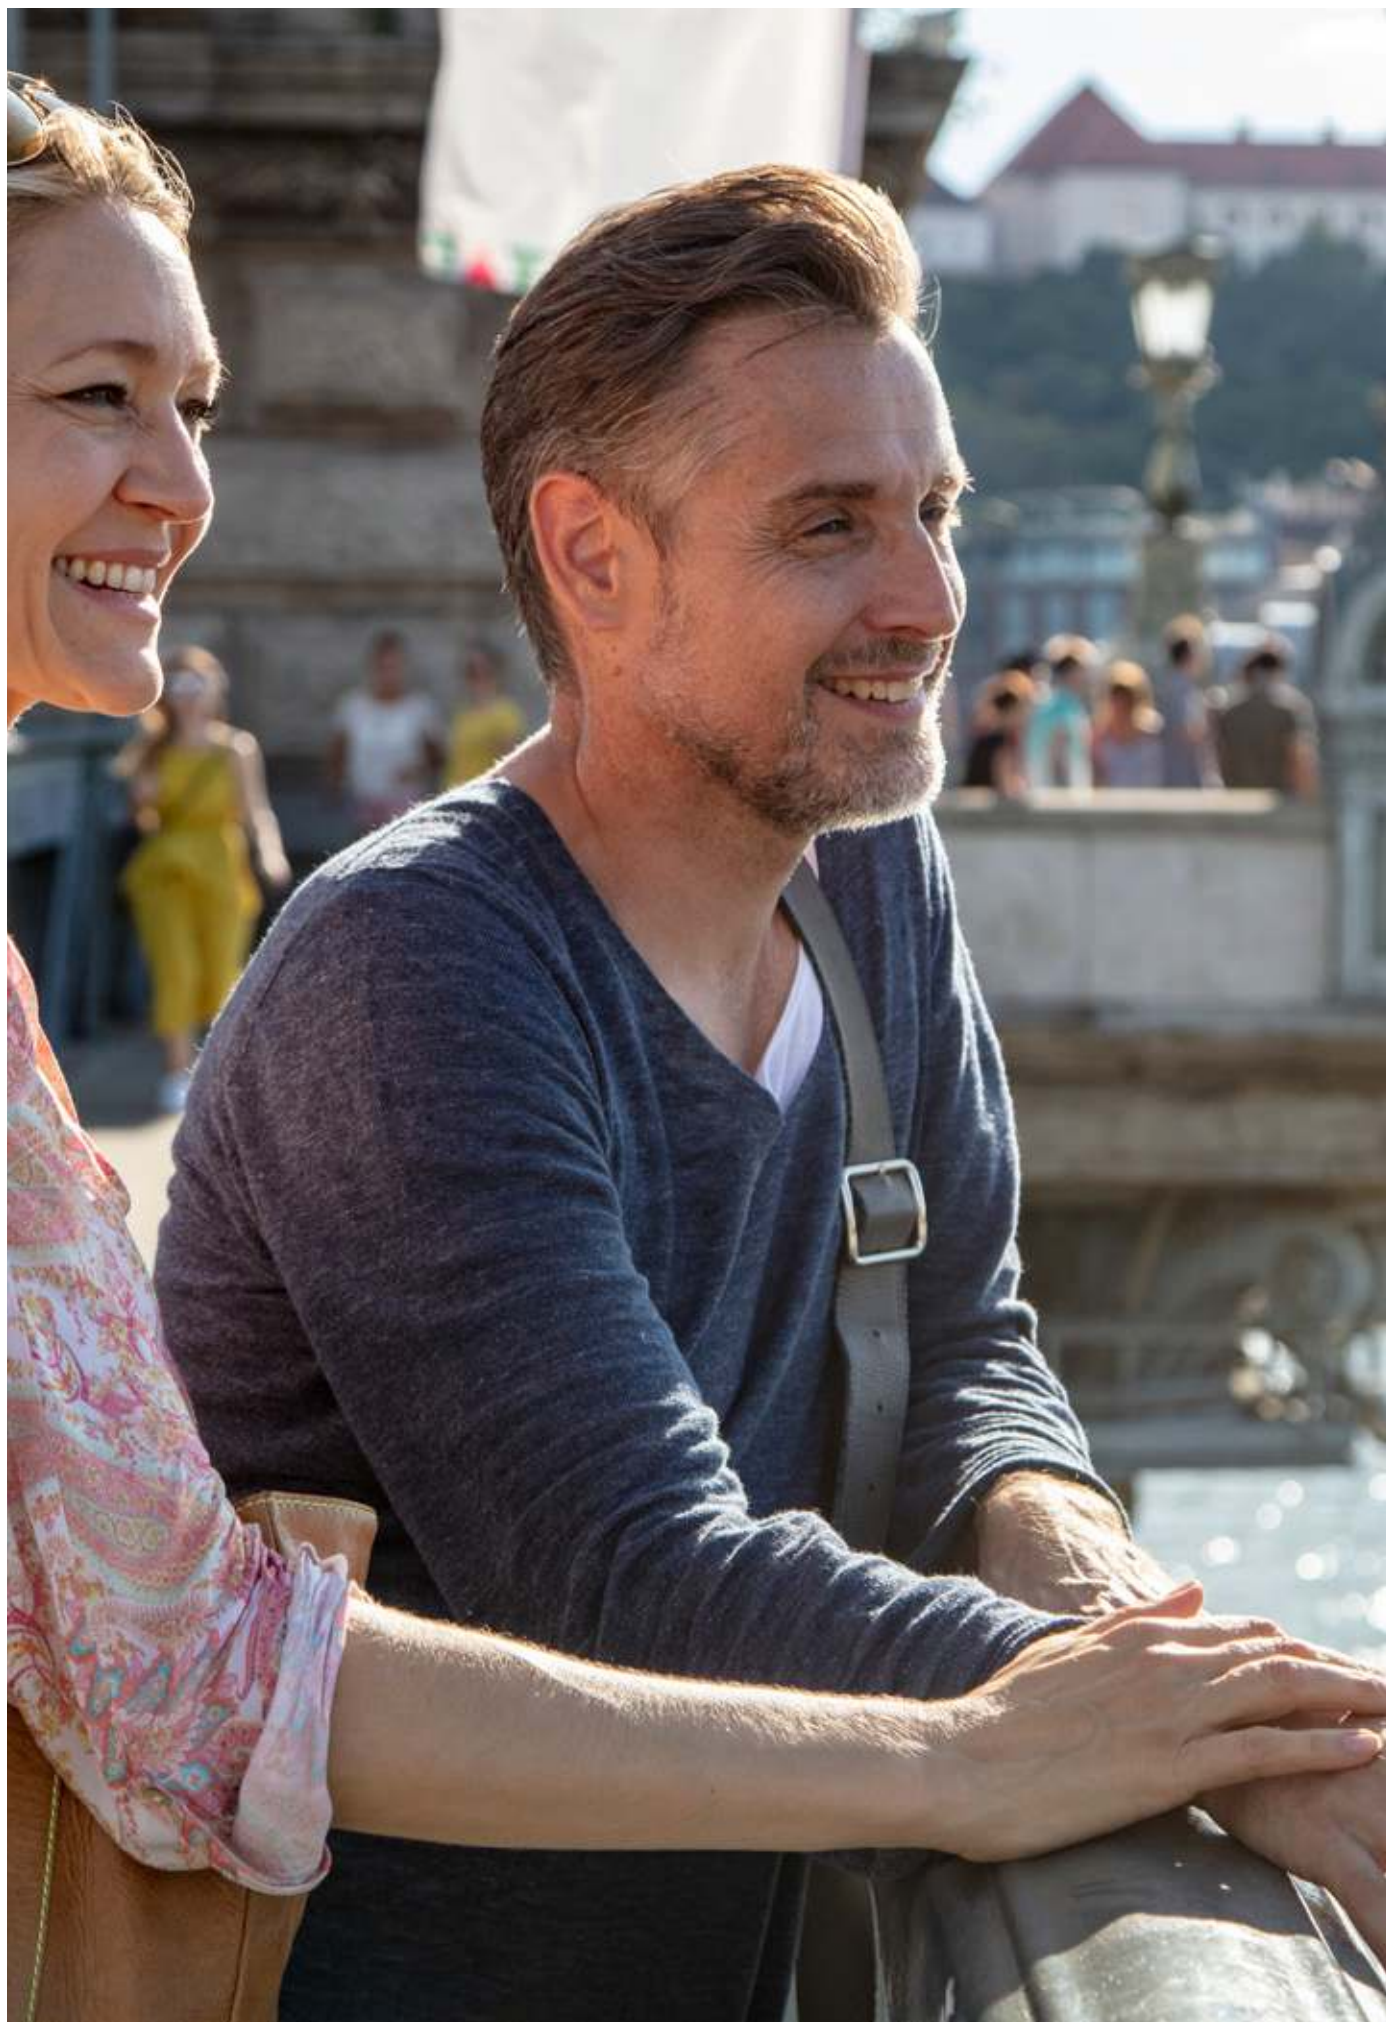

Some cabins have a safe box where you can store your valuables. There is also a safe at reception on some ships. However, we recommend that you do not bring valuable items such as expensive jewellery with you on your trip. In some cases, you are visiting regions of the world where, by our standards, even modest wealth is considered opulence, and so showing off supposedly precious things could arouse greediness. Carry valuables such as cameras, jewellery, cash and the like in your hand luggage. We would like to point out that nicko cruises accepts no liability for lost valuables which are contained in unsupervised checked-in luggage.

ON-BOARD PAYMENTS

Our ships have different payment currencies differ depending on the destination. You can pay for beverages and excursions that you book on board the ship at the end of the cruise. The means of payment that are accepted on the ship are stated in the ship profile. Cash payments can only be made in the ship's currency because at some destinations payment in euro is not permitted or possible. Please note: Currency exchange is not possible on board. Your cruise director will show you where you can exchange currency during the first shore excursion. In some cases your bank or credit card provider will charge a foreign exchange fee.

PACKAGE TRIP FORM

FORM FOR PROVIDING INFORMATION TO THE TRAVELLER IN THE CASE OF A PACKAGE HOLIDAY IN ACCORDANCE WITH SECTION 651A OF THE GERMAN CIVIL CODE

The combination of travel services offered to you is a package holiday within the meaning of Directive (EU) 2015/2302. Therefore, you can benefit from all the EU rights that apply to package holidays. The company **nicko cruises Schiffsreisen GmbH, Mittlerer Pfad 2, 70499 Stuttgart, Germany** bears full responsibility for the proper performance of the entire package holiday. The company **nicko cruises Schiffsreisen GmbH, Mittlerer Pfad 2, 70499 Stuttgart, Germany** also has the legally required insurance coverage to refund your payments and, if transport is included in the package holiday, to secure your repatriation in the event of its insolvency.

MAIN RIGHTS UNDER DIRECTIVE (EU) 2015/2302

- Travellers must receive all essential information about the package holiday before concluding the package travel contract.
- At least one trader is always liable for the proper provision of all travel services included in the contract.
- Travellers shall receive an emergency telephone number or details of a contact point through which they can get in touch with the travel operator or travel agency.
- Travellers may transfer the package trip to another person – within a reasonable period of time and possibly at additional cost.
- The price of the package trip may only be increased if certain costs (for example fuel prices) increase and if this is expressly provided for in the contract, and in any case no later than 20 days before the start of the package trip. If the price increase exceeds 8% of the package price, the traveller may withdraw from the contract. If a travel operator reserves the right to a price increase, the traveller has the right to a price reduction if the corresponding costs decrease.
- Travellers may withdraw from the contract without paying a cancellation fee and receive a full refund of all payments if any of the essential elements of the package trip, other than the price, are substantially altered. - In addition, travellers may withdraw from the contract at any time before the start of the package trip in exchange for paying a reasonable and justifiable withdrawal fee.

- If, after the start of the package trip, essential elements of the package trip cannot be carried out as agreed, reasonable alternative arrangements shall be offered to the traveller at no extra cost. The traveller may withdraw from the contract without paying a withdrawal fee (in the Federal Republic of Germany this right is called "cancellation") if services are not provided in accordance with the contract and this has a significant impact on the provision of the contractual package travel services and the travel operator fails to provide redress.
- The traveller is entitled to a price reduction and/or compensation if the travel services are not provided or not provided properly.
- The travel operator shall assist the traveller if the traveller is in difficulty.
- In the event of the insolvency of the travel operator or – in some Member States – the travel agent, payments shall be refunded. If the insolvency of the travel operator or, where relevant, the travel agent occurs after the start of the package trip and if transport is part of the package trip, return transport of passengers shall be guaranteed. **nicko cruises Schiffsreisen GmbH, Mittlerer Pfad 2, 70499 Stuttgart, Germany** has taken out insolvency insurance with Deutscher Reiseversicherungsfond GmbH. TERMS AND CONDITIONS OF TRAVEL

for River Cruises provided by
nicko cruises Schiffsreisen GmbH

Dear Customers and Guests,

The following provisions, insofar as they are validly agreed, form part of the package travel contract entered into between the customer and nicko cruises Schiffsreisen GmbH, abbreviated in the following to “**nc**”. They supplement the statutory provisions of sections 651a–y BGB (German Civil Code) and Articles 250 and 252 of the EGBGB (Introductory Act to the German Civil Code).

Therefore, please read these terms and conditions of travel carefully before booking! Separate terms and conditions apply to ocean cruises.

1. CONCLUSION OF THE PACKAGE TRAVEL CONTRACT, OBLIGATIONS OF THE CUSTOMER

1.1. All booking channels are subject to the following provisions:

- a)** The basis of the offer by **nc** and the booking by the customer are the travel description and the supplementary information provided by **nc** for each trip, insofar as they are available to the customer at the time of booking.
- b)** Travel agents and booking offices are not authorised by **nc** to enter into agreements, provide information or make assurances that amend the agreed content of the package travel contract, or which go beyond or contradict the travel description or the services contractually agreed by **nc**.
- c)** Information in hotel guides and similar directories not published by **nc** are not binding for **nc** and the performance obligation of **nc** unless they become the content of **nc**'s performance obligation by express agreement with the customer.
- d)** If the content of **nc**'s travel confirmation differs from the content of the booking, this shall constitute a new offer by **nc** to which **nc** shall be bound for a period of 3 working days. The contract shall be concluded on the basis of this new offer insofar as **nc** has pointed out the change with regard to the new offer and has fulfilled its pre-contractual information obligations and the customer declares acceptance to **nc** by means of an express declaration or down payment within the commitment period.
- e)** The information **nc** provides about essential characteristics of the travel services, the cruise fare and all additional costs, the payment modalities, the minimum number of participants and the cancellation fees (pursuant to Article 250 section 3 no. 1, 3 to 5 and 7 of the Introductory Act to the German Civil Code (EGBGB)) shall not become part of the package travel contract only if this has been expressly agreed between the Parties.
- f)** The customer is liable for all contractual obligations of fellow travellers for whom he/she makes the booking as for his/her own, insofar as he/she has assumed a corresponding obligation by express and separate declaration.

1.2. Bookings made orally, by telephone, in writing, by e-mail or by fax shall be subject to the following provisions:

- a)** With the booking the customer makes a binding offer to **nc** for the conclusion of the package travel contract. The customer is bound to the booking for 3 working days.
- b)** The contract comes into effect upon receipt of the travel confirmation (declaration of acceptance) by **nc**. On or immediately after conclusion of the contract **nc** shall send the customer a travel confirmation in accordance with statutory requirements on a durable storage medium (which enables the customer to keep or store the declaration unchanged in such a way that it is accessible to him/her within a reasonable period of time, e.g. on paper or by e-mail), unless the traveller is entitled to a travel confirmation in paper form pursuant to Art. 250 section 6 (1) sentence 2 EGBGB because the contract was concluded in the simultaneous physical presence of both parties or outside business premises.

1.3. For bookings in electronic business transactions (e.g. internet, app, telemedia) conclusion of the contract shall be subject to the following provisions:

- a)** The customer will receive an explanation of the electronic booking procedure in the corresponding **nc** application.
- b)** The customer is provided with a correction option to correct entries, delete or reset the entire booking form, and use of the correction option is explained.
- c)** The contract languages offered for performing the online booking are indicated. Only the German language is legally authoritative.
- d)** Insofar as the contract text is stored by **nc** in the online booking system, the customer will be informed of this and of the option of retrieving the contract text at a later date.
- e)** By pressing the button “book with obligation to pay” the customer offers **nc** the binding conclusion of the package travel contract. The customer shall be bound by this contractual offer for three working days after the electronic declaration is sent.
- f)** The customer will promptly receive an electronic confirmation that their booking has been received.
- g)** The transmission of the booking by pressing the button “book with obligation to pay” does not constitute a claim of the customer to the conclusion of a package travel contract in accordance with his/her booking details. **nc** is instead free to decide whether or not to accept the customer's contract offer.
- h)** The contract comes into effect by the customer receiving the travel confirmation from **nc**.
- i)** If immediately after the customer has made the booking by pressing the button “book with obligation to pay” the travel confirmation occurs by corresponding immediate display of the travel confirmation on the screen (booking in real time), the package travel contract shall be concluded upon receipt and display of this travel confirmation by the customer on the screen, without the need for any intermediate notification of receipt of the customer's booking pursuant to f), insofar as the customer is offered the option to store the travel confirmation on a durable storage medium and to print it out. However, the binding nature of the package travel contract is not dependent on the customer actually using these storage or printing options. **nc** will also send the customer a copy of the travel confirmation in text form.

1.4. **nc** points out that in accordance with statutory provisions (sections 312 (7), 312g (2) sentence 1 no. 9 of the German Civil Code (BGB)), there is no right of cancellation for package travel contracts pursuant to section 651a and section 651c BGB that have been concluded at a distance (letters, catalogues, telephone calls, telecopies, e-mails, messages sent via mobile phone service (SMS) as well as broadcasting, telemedia and online services), but only the statutory rights of

withdrawal and termination, in particular the right of withdrawal in accordance with section 651h BGB (see also section 5). However, there is a right of withdrawal if the contract for travel services has been concluded outside business premises in accordance with section 651a BGB, unless the oral negotiations on which the conclusion of the contract is based have been conducted based on the consumer's prior order; in the latter case, there is also no right of cancellation.

2. PAYMENT

2.1. **nc** and travel agents may only demand or accept payment of the cruise fare before the end of the package trip if a valid insurance contract exists covering the customer payment and the customer has been given the insurance certificate with the name and contact details of the insurer in a clear, comprehensible and pointed manner. After conclusion of the contract, a deposit of 20% of the cruise fare is due for payment in exchange for the insurance certificate being handed over. The remaining payment is due 30 days before departure, provided that the insurance certificate has been handed over and the trip can no longer be cancelled for the reason stated in section 8. For bookings made less than 30 days before the start of the trip, the entire cruise fare is payable immediately.

2.2. If the customer does not make the down payment and/or the final payment in accordance with the agreed payment due dates, although **nc** is ready and able to duly provide the contractual services, has fulfilled its statutory information obligations and no legal or contractual right of set-off or retention exists on the part of the customer, and if the customer is responsible for the default in payment, then **nc** is entitled to withdraw from the package travel contract after issuing a reminder with a deadline and to charge the customer withdrawal costs in accordance with section 5.

3. CHANGES TO THE CONTENTS OF THE CONTRACT BEFORE THE START OF THE TRIP THAT DO NOT AFFECT THE CRUISE FARE

3.1. Deviations of essential characteristics of travel services from the agreed content of the package travel contract, which become necessary after conclusion of the contract and which **nc** has not brought about in bad faith, shall be allowed to **nc** before the start of the trip, insofar as the deviations are insignificant and do not affect the overall nature of the trip.

3.2. **nc** is obligated to inform the customer of changes to services immediately after becoming aware of the reason for the change on a durable storage medium (e.g. also by e-mail, SMS or voice message) in a clear, comprehensible and prominent manner.

3.3. In the event of a significant change to an essential characteristic of a travel service or a deviation from special requirements of the customer which have become part of the package travel contract, the customer is entitled to either accept the change or withdraw from the contract free of charge within a period specified by **nc** at the same time as the notification of the change. If the customer does not expressly declare withdrawal from the package travel contract to **nc** within the period stipulated by **nc** the change is deemed to have been accepted.

3.4. Any warranty claims shall remain unaffected insofar as the modified services are defective. Should **nc** incur lower costs for carrying out the modified trip or any substitute trip that may be offered at the same quality at the same price, the customer is to be reimbursed the difference in accordance with section 651m (2) BGB.

4. PRICE INCREASE; PRICE REDUCTION

4.1. **nc** reserves the right, in accordance with sections 651f and 651g BGB and the following

provisions, to increase the cruise fare agreed in the package travel contract if the following occur:

- a) an increase in the price of passenger transport due to higher costs for fuel or other energy sources,
- b) an increase in taxes and other charges for agreed travel services, such as tourist taxes, port or airport charges, or
- c) a change in the exchange rates applicable to the package trip in question directly affects the cruise fare.

4.2. An increase in the cruise fare is only permissible insofar as **nc** informs the traveller clearly and comprehensibly in text form about the price increase and the reasons for it, while communicating the calculation of the price increase.

4.3. The price increase is calculated as follows:

a) In the event of an increase in the price for the carriage of passengers in accordance with 4.1a), **nc** may increase the cruise fare in accordance with the following calculation:

- In the case of an increase in the price of a seat, **nc** may demand the amount of the increase from the customer.
- Otherwise, the fuel or other energy cost increases claimed by the carrier for each means of transportation on a pro rata basis from **nc**, divided by the number of admissible places on the agreed means of transportation. **nc** may thus request that the customer pay the amount of the increase thus resulting for each person transported.

b) In the event of an increase in taxes and other charges pursuant to 4.1b), the cruise fare may be increased by the corresponding pro rata amount.

c) In the event of an increase in exchange rates pursuant to 4.1c), the cruise fare may be increased to the extent that **the trip has become more expensive for nc**.

4.4. **nc** is obligated to grant the customer/traveller a reduction in the cruise fare at their request if and insofar as the prices, charges or exchange rates mentioned in 4.1 a)–c) change after conclusion of the contract and before the start of the trip and this results in lower costs for **nc**. If the customer/traveller has paid more than the amount due under this provision, the excess amount shall be refunded by **nc**. **nc** may, however, deduct from the excess amount to be refunded the administrative expenses actually incurred by **nc**. **nc** must prove to the customer/traveller at the latter's request the amount of administrative expenses incurred.

4.5. Price increases are only permissible if the customer receives such notification by the 20th day prior to the start of the trip.

4.6. In the event of price increases of more than 8%, the customer is entitled to either accept the change or withdraw from the package travel contract free of charge within a reasonable period of time set by **nc** at the same time as the notification of the price increase. If the customer does not expressly declare withdrawal from the package travel contract to **nc** within the period stipulated by **nc**, the change is deemed to have been accepted.

5. WITHDRAWAL BY THE CUSTOMER BEFORE THE START OF THE TRIP/CANCELLATION COSTS

5.1. The customer may withdraw from the package travel contract at any time before the start of the trip. The withdrawal is to be declared to **nc** at the address given below; if the trip was booked through a travel agent, the withdrawal can also be declared to the agent. The customer is advised to declare the withdrawal in text form.

5.2. If the customer withdraws before the start of the trip or if the customer does not take part in the trip, then **nc** shall lose the claim to the cruise fare. Instead **nc** can demand reasonable compensation,

insofar as **nc** is not responsible for the withdrawal. **nc** may not claim compensation to the extent that unavoidable and extraordinary circumstances arise at the destination or in its immediate vicinity which substantially affect the performance of the package holiday or the carriage of persons to the destination; circumstances are unavoidable and extraordinary if they are beyond the control of the party invoking them and their consequences could not have been avoided even if all reasonable precautions had been taken.

5.3. **nc** has set the following flat-rate compensation amounts, taking into account the period between the withdrawal declaration and the departure date, as well as expected savings on expenses and expected gains resulting from the sale of the travel services to other customers. Based on the date the withdrawal declaration was received, the compensation shall be calculated as follows with the respective cancellation scale:

a) Cruises listed in the main catalogue, cruises with no special designation and cruises falling under the following categories in b) to d)

up to 120 days before departure	10%;
119 days to 60 days before departure	20%;
59 days to 30 days before departure	40%;
29 days to 15 days before departure	60%;
14 days to 1 day before departure	80%;
day of departure or no show of the agreed cruise fare.	90%

b) Promotional trips at special prices (special designation: "promotional trip")

up to 120 days before departure	20%;
119 days to 60 days before departure	30%;
59 days to 30 days before departure	50%;
29 days to 15 days before departure	70%;
14 days to 1 day before departure	85%;
day of departure or no show of the agreed cruise fare.	90%

c) Cancellation of single beds (individual travellers) in double or multi-bed cabins (trips from the main catalogue)

up to 120 days before departure	40%;
119 days to 15 days before departure	60%;
14 days to 1 day before departure	80%;
no show of the agreed cruise fare;	90%

d) Cancellation of single beds (single travellers) in double or multi-bed cabins (promotional trips)

up to 120 days before departure	50%;
119 days to 15 days before departure	70%;
14 days to 1 day before departure	85%;
no show of the agreed cruise fare;	90%

5.4. In any case, the customer is at liberty to prove to **nc** that **nc** has not suffered any damage at all or that the damage is significantly lower than the flat-rate compensation charge requested by **nc**.

5.5. A flat-rate compensation charge pursuant to 5.3. shall be deemed not to have been fixed and agreed insofar as **nc** proves that **nc** has incurred significantly higher expenses than the calculated amount of the flat-rate charge that would have been applied. In this case **nc** is obligated to specifically quantify and justify the compensation demanded, taking into account the expenses saved and the acquisition of any other use of the travel services.

5.6. If **nc** is obligated to refund the cruise fare as a result of a cancellation, section 651 h (5) BGB shall remain unaffected.

5.7. The customer's statutory right pursuant to section 651 e BGB to send a message to **nc** on a durable storage medium stating that a third party intends to assume the rights and obligations arising from the package travel contract in place of the customer, shall remain unaffected by the

above conditions. Such a declaration shall be deemed to have been sent on time if **nc** receives it 7 days before the start of the trip.

5.8. It is strongly recommended that you take out travel cancellation insurance and insurance to cover repatriation costs in the event of accident or illness.

6. BOOKING CHANGES

6.1. After conclusion of the contract the customer has no right to change the booking (changes with regard to the travel date, the travel destination, the place of departure, the accommodation, the type of catering, the mode of transport or other services). This shall not apply if the booking change is necessary because **nc** has provided no, insufficient or incorrect pre-contractual information to the traveller pursuant to Art. 250 section 3 EGBGB; in this case, the booking change is possible free of charge. In other cases, if a booking change is made at the customer's request and the following deadlines are complied with **nc** is entitled to charge a booking change fee to the customer for each traveller to which the booking change pertains. Booking changes are only possible up to 60 days before departure. Unless otherwise agreed in individual cases prior to the booking change being confirmed, the booking change fee is as shown in the following table:

a) Cruises in the main catalogue, cruises without special designation	
	Charge in euro per person
Up to 90 days before departure	50;
89 to 60 days before departure	100;
b) Promotional cruises at special prices (special designation: "promotional trip")	
	Charge in euro per person
Up to 90 days before departure	100;
89 to 60 days before departure	200;

This shall not apply to rebooking requests that only incur minor costs. Previously confirmed cabin numbers cannot be retained when booking changes are made. Booking change requests made by the customer after the cut-off dates, if at all possible, can only be complied with if the customer withdraws from the travel contract in accordance with section 5 and rebooks.

7. SERVICE NOT USED

If the traveller does not make use of individual travel services, which **nc** was willing and able to provide in accordance with the contract, for reasons for which the traveller is responsible, the traveller shall not be entitled to a pro rata refund of the cruise fare, unless such reasons would have entitled the traveller to withdraw from or terminate the travel contract free of charge in accordance with statutory provisions. **nc** will endeavour to obtain a refund for the saved expenses from the service providers. This obligation shall not apply to negligible services.

8. WITHDRAWAL DUE TO FAILURE TO REACH THE MINIMUM NUMBER OF PARTICIPANTS

8.1. **nc** may withdraw if the minimum number of participants is not reached in accordance with the following provisions:

a) The minimum number of participants and the latest date of receipt of the withdrawal declaration by **nc** must be stated in the respective pre-contractual information documents.

b) **nc** must state the minimum number of participants and the latest withdrawal deadline in the travel confirmation.

c) **nc** is obligated to immediately declare the cancellation of the trip to the customer if it is determined that the trip will not be carried out

due to the minimum number of participants not being reached.

d) nc's withdrawal later than 30 days before departure is not admissible.

8.2. If the trip is not carried out for this reason, the customer will be refunded any payments made on the cruise fare without delay; section 5.6 applies accordingly.

9. OBLIGATIONS OF THE CUSTOMER/TRAVELLER

9.1. Travel documents

The customer must inform **nc** or the travel agent through whom the customer has booked the package trip, if the customer does not receive the necessary travel documents (e.g. flight ticket, hotel voucher) within the period communicated by **nc**.

9.2. Notification of defects/seeking redress

a) If the travel services are not provided free of defects, the traveller may seek redress.

b) Insofar as **nc** was not able to provide redress as a result of a culpable failure to report the defect, the traveller cannot assert claims for a reduction in price in accordance with section 651m BGB or claims for damages in accordance with section 651n BGB.

c) The traveller is obligated to immediately report the defect to the local **nc** representative. If a representative of **nc** is not locally available and there is no contractual obligation to provide such a representative, any travel defects are to be reported to **nc** at **nc's** designated contact point; the availability of **nc's** representative or its local contact point will be stated in the travel confirmation. However, the traveller may also bring the notice of defects to the attention of the travel agent with which they booked the package holiday.

d) The representative of **nc** is instructed to take remedial action, insofar as this is possible. However, they are not authorised to recognise claims.

9.3. Setting a deadline before termination

If the customer/traveller wishes to terminate the package travel contract due to a travel defect of the type described in section 651i (2) BGB, insofar as it is substantial, in accordance with section 651l BGB, the customer shall give **nc** a reasonable period of time to remedy the situation. This shall only not apply if **nc** refuses to provide a remedy or if immediate remedy is necessary.

9.4. Damaged and delayed baggage when travelling by air; special rules & deadlines for seeking redress

a) The passenger is advised that lost, damaged and delayed baggage in connection with air travel must immediately be reported by the passenger to the relevant airline on the spot by means of a claim form ("P.I.R.") in accordance with the provisions of aviation law. Airlines and **nc** may refuse refunds based on international agreements if the claim form has not been completed. In the event of damage to baggage, the claim must be filed within 7 days, in the event of delay within 21 days of delivery.

b) In addition, loss, damage or misrouting of baggage must immediately be communicated to **nc**, its representative or contact point or the travel agent. This shall not release the passenger from the obligation to notify the airline of the damage in accordance with a) within the above deadlines.

10. LIMITATION OF LIABILITY

10.1. The contractual liability of **nc** for non-culpable damage not resulting from injury to life, limb or health is limited to three times the cruise fare. Any further claims under the Montreal Convention or the German Air Transport Act remain unaffected by this limitation of liability.

10.2. **nc** is not liable for disruptions to services, personal injury or damage to property in

connection with services that are merely arranged as third-party services (e.g. arranged excursions, sporting events, theatre visits, exhibitions) if these services have been expressly identified as third-party services in the travel brochure and travel confirmation, stating the identity and address of the third-party contractual partner, in such a clear manner that the traveller can see that they are not part of the package trip of **nc** and have been selected separately. Sections 651b, 651c, 651w and 651y BGB remain unaffected by this.

10.3. **nc** is liable, however, if and to the extent that a breach of information, explanation or organisational obligations on the part of **nc** has become the cause of the damage suffered by the traveller.

11. ASSERTION OF CLAIMS, ADDRESSEE

The customer/traveller must assert claims pursuant to section 651i (3) no. 2, 4-7 BGB against **nc**. The claim can also be asserted via the travel agent if the package trip was booked via this travel agent. The contractual claims listed in section 651 i (3) BGB are subject to a limitation period of two years. The limitation period begins on the day on which the trip should end according to the contract. Asserting the claims in text form is recommended.

12. INFORMATION REQUIREMENTS ON THE IDENTITY OF THE OPERATING AIRLINE

12.1. Before or at the latest at the time of booking, **nc** shall inform the customer in accordance with the EU Regulation on information for passengers on the identity of the operating air carrier about the identity of the operating airline(s) with regard to all air transport services to be provided as part of the booked trip.

12.2. If the operating airline(s) has/have not yet been determined at the time of booking, then **nc** is obligated to inform the customer of the airline or airlines that will probably operate the flight. As soon as **nc** knows which airline will be operating the flight, **nc** will inform the customer.

12.3. If the airline named to the customer as the operating airline changes, then **nc** will inform the customer of the change without delay and as soon as reasonably practicable.

12.4. The "Black List" (airlines banned from using the airspace above the Member States), drawn up in accordance with the EC Regulation, is available on **nc's** website, or directly at https://transport.ec.europa.eu/system/files/2022-04/air-safety-list-2022-04-11_en.pdf or at **nc's** offices.

13. PASSPORT, VISA AND HEALTH REQUIREMENTS

13.1. **nc** will inform the customer/traveller about general passport and visa requirements as well as health formalities of the destination country including the approximate periods for obtaining any necessary visas before conclusion of the contract as well as about any changes to these requirements before the start of the trip.

13.2. The customer is responsible for obtaining and carrying officially mandated travel documents, taking any necessary vaccinations and complying with customs and foreign exchange regulations. Disadvantages arising from non-compliance with these regulations, e.g. payment of withdrawal costs, shall be borne by the customer/traveller. This shall not apply if **nc** has not provided information or has done so insufficiently or incorrectly.

13.3. **nc** shall not be liable for the timely issuance and receipt of necessary visas by the respective diplomatic mission if the customer has commissioned **nc** with the procurement of such visas, unless **nc** has culpably violated its own obligations.

14. SPECIAL PANDEMIC PROVISIONS

14.1. The Parties agree that **nc** will always provide the agreed travel services in cooperation with

the service providers in compliance with and in accordance with the official requirements and conditions applicable at the time of travel.

14.2. The traveller agrees to observe reasonable usage regulations or restrictions of the service providers when using travel services and to notify the tour guide and the service provider immediately in the event of typical symptoms of illness occurring.

15. DATA PROCESSING; ALTERNATIVE DISPUTE RESOLUTION; CHOICE OF LAW AND LEGAL VENUE

15.1. The data provided by the customer in the travel registration form shall be used by **nc** to book and process the trip and to send information and offers to the customer. In the case of travel abroad, the processing includes in particular the transmission of customer data to the service partners abroad. Customers can find out more about processing and storage as well as their rights as data subjects (in particular the right of access and the right to object) in **nc's** privacy policy which is available at any time at www.nicko-cruises.de/datenschutz or at the business premises of **nc** or which **nc** will gladly send to the customer.

15.2. **nc** points out with regard to the German Consumer Dispute Resolution Act that **nc** shall not participate in voluntary consumer dispute resolution. If a consumer dispute resolution procedure becomes obligatory for **nc** after these terms and conditions of travel go to print **nc** will inform consumers of this in an appropriate form. **nc** refers to the European online dispute resolution platform <https://ec.europa.eu/consumers/odr/> for all travel contracts concluded in electronic legal transactions.

15.3. For customers/travellers who are not citizens of a Member State of the European Union or Switzerland, it is hereby agreed that the entire legal and contractual relationship between the customer/traveller and **nc** shall be governed exclusively by German law. Such customers/travellers can sue **nc** exclusively at **nc's** domicile.

15.4. For lawsuits filed by **nc** against customers or contractual partners of the package travel contract who are merchants, public-law or private-law legal entities or persons whose place of residence or habitual abode is abroad, or whose place of residence or habitual abode is unknown at the time of filing suit, it is agreed that the legal venue shall be **nc's** domicile.
